Fisher,Sheila M. McIntyre,Julie A. Fisher,2024-03-22 Roger Williams is best known as the founder of Rhode Island who was banished from Massachusetts in 1636 for his dangerous thoughts on religious liberty But the city and colony Williams helped to found was deep in Native country situated between the powerful Narragansett and Wampanoag nations The Williams that emerges from the documents in this collection is immersed in a dynamic world of Native politics engaged in regional and trans Atlantic debates and conversations about religious freedom

and the separation of church and state and situated at the crossroads of colonial outposts and powerful Native nations Williams lived among and relied on the generosity of his Narragansett neighbors and yet he was a Native enslaver and part of a process that dispossessed regional Indigenous populations He could establish a colony based on full religious freedom and yet bitterly complain and campaign against residents with whom he disagreed such as Samuel Gorton or the Quakers For the first time Reading Roger Williams offers readers the opportunity to explore the many facets of Williams's life by including selections from all of his writings starting with his life in London and ending with one of his final letters written when he was nearly eighty years old Each document includes an introduction and annotations to help the reader better understand the text and context

**The American Revolution** Geoffrey C. Ward, Ken Burns, 2025-11-11 NEW YORK TIMES BESTSELLER

From the award winning historian and filmmakers of The Civil War Baseball Jazz The Roosevelts and others a richly illustrated human centered history of America's founding struggle expanding on the landmark six part PBS series to be aired in November 2025 From a small spark kindled in America a flame has arisen not to be extinguished Thomas Paine In defeating the British Empire and giving birth to a new nation the American Revolution turned the world upside down Thirteen colonies on the Atlantic coast rose in rebellion won their independence and established a new form of government that radically reshaped the continent and inspired independence movements and democratic reforms around the globe The American Revolution was at once a war for independence a civil war and a world war fought by neighbors on American farms and between global powers an ocean or more away In this sumptuous volume historian Geoffrey C Ward ably steers us through the international forces at play telling the story not from the top down but from the bottom up and through the eyes of not only our Founding Fathers but also those of ordinary soldiers as well as underrepresented populations such as women African Americans Native Americans and American Loyalists asking who exactly was entitled to life liberty and the pursuit of happiness Enriched by guest essays from lauded historians such as Vincent Brown Maya Jasanoff Jane Kamensky and Alan Taylor and by an astonishing array of prints drawings paintings texts and pamphlets from the time period as well as newly commissioned art and maps and woven together with the words of Thomas Paine The American Revolution reveals a nation still grappling with the questions that fueled its remarkable founding

**Forthcoming Books** Rose Arny, 2003-04

*Colonial America: A Very Short Introduction* Alan Taylor, 2012-11-08 In the traditional narrative of American colonial history early European settlements as well as native peoples and African slaves were treated in passing as unfortunate aberrations in a fundamentally upbeat story of Englishmen becoming freer and more prosperous by colonizing an abundant continent of free land Over the last generation historians have broadened our understanding of colonial America by adopting both a trans Atlantic and a trans continental perspective examining the interplay of Europe Africa and the Americas through the flow of goods people plants animals capital and ideas In this Very Short Introduction Alan Taylor presents an engaging overview of the best of this new scholarship He shows that American colonization derived from a global expansion of

European exploration and commerce that began in the fifteenth century The English had to share the stage with the French Spanish Dutch and Russians each of whom created alternative Americas By comparing the diverse colonies of rival empires Taylor recovers what was truly distinctive about the English enterprise in North America He focuses especially on slavery as central to the economy culture and political thought of the colonists and restores the importance of native peoples to the colonial story To adapt to the new land the colonists needed the expertise guidance alliance and trade of the Indians who dominated the interior This historical approach emphasizes the ability of the diverse natives to adapt to the newcomers and to compel concessions from them This Very Short Introduction describes an intermingling of cultures and of microbes plants and animals from different continents that was unparalleled in global history Oxford's Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology Politics to Classics Literary Theory to History and Archaeology to the Bible Not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field Every Very Short Introduction gives a readable evolution of the subject in question demonstrating how the subject has developed and how it has influenced society Eventually the series will encompass every major academic discipline offering all students an accessible and abundant reference library Whatever the area of study that one deems important or appealing whatever the topic that fascinates the general reader the Very Short Introductions series has a handy and affordable guide that will likely prove indispensable    **Subject Guide to Books in Print** ,2001    **The Book Review Digest** ,2005    *The Publishers Weekly* ,2001    **Paperbound Books in Print** ,1992    Recording for the Blind & Dyslexic, ... Catalog of Books ,1996
