### **Blood Brothers Script Willy Russell:**

**Blood Brothers** Willy Russell, 2025-02-20 Willy Russell's 1983 play with music tells the story of twin brothers separated at birth because their mother cannot afford to keep them both. One of them is given away to wealthy Mrs Lyons and they grow up as friends in ignorance of their fraternity until the inevitable quarrel unleashes a bloodbath. After its premiere at the Liverpool Playhouse the musical has gone on to receive productions around the world and ran for decades in London's West End as well as extensively touring the UK. This revised Student Edition includes a commentary by Rebecca Hillman which offers accessible and vivid insights into the play and the context in which it was written through a 21st century lens. As well as helping us appreciate the play today it also conveys how ground breaking *Blood Brothers* was at the time in representing working class lives on stage as well as explicitly exposing the flaws of the British class system. **The**

**Illusions Of Post-Feminism** Vicki Coppock, Deena Haydon, Ingrid Richter, 2014-09-03 First Published in 1995 As feminists reflect on the impact of the second wave of feminism and assess the gains of the last thirty years invariably they have questioned whether claims that women have achieved equality are justified. In the late 1980s there was a proliferation of popular imagery of new men and post feminist women with the concept of post feminism reinforcing and emphasizing the differences between independent upwardly mobile career orientated women and those women who choose the more natural role of wife and mother. *The Illusions of Post Feminism* New Women Old Myths maintains that post feminism is a myth. Through in depth interviews with women about four major areas of their lives education work the media and the family the authors challenge and expose the myths implicit in the concept of post feminism. The research illustrates that women's discontent continues despite the assumption that gender equality would result from equal opportunities legislation. The chapters highlight the ineffective nature of liberal reformism and demonstrate how power relations still lie at the root of the oppression of women. With its provoking and challenging analysis this revealing book breaks the silence of women's real experiences by showing the actuality of women's lives today. **The Methuen Drama Dictionary of the Theatre** Jonathan
