Islamic Awakening Between Rejection and Extremism

Islam and the Arab Awakening

Islam and the Arab Awakening Tariq Ramadan, 2012-10-12 One of the most important developments in the modern history of the Middle East the so called Arab Spring began in Tunisia in December 2010 bringing down dictators sparking a civil war in Libya and igniting a bloody uprising in Syria Its long term repercussions in Egypt and elsewhere remain unclear Now one of the world's leading Islamic thinkers examines and explains it in this searching provocative and necessary book Time Magazine named Tariq Ramadan one of the most important innovators of the twenty first century A Muslim intellectual and prolific author he has won global renown for his reflections on Islam and the contemporary challenges in both the Muslim majority societies and the West In Islam and the Arab Awakening he explores the uprisings offering rare insight into their origin significance and possible futures As early as 2003 he writes there had been talk of democratization in the Middle East and North Africa The U S government and private organizations set up networks and provided training for young leaders especially in the use of the Internet and social media and the West abandoned its unconditional support of authoritarian governments But the West did not create the uprisings Indeed one lesson Ramadan presents is that these mass movements and their consequences cannot be totally controlled Something irreversible has taken place dictators have been overthrown without weapons But he writes democratic processes are only beginning to emerge and unanswered questions remain What role will religion play How should Islamic principles and goals be rethought Can a sterile polarizing debate between Islamism and secularism be avoided Avoiding both naive confidence and conspiratorial paranoia Ramadan voices a tentative optimism If a true civil society can be established he argues this moment's fragile hope will live *The Arab Awakening* Tariq Ramadan, 2012 Across the Arab world millions of women and men have taken to the streets showing that dictators can be overthrown without weapons But what happens now Tariq Ramadan is one of the most acclaimed figures in the analysis of Islam and its political dimensions today In The Arab Awakening he explores the opportunities and challenges across North Africa and the Middle East as they look to create new more open societies He asks can Muslim countries bring together Islam pluralism and democracy without betraying their identity Will the Arab world be able to reclaim its memory to reinvent education women's rights social justice economic growth and the fight against corruption Can this emancipation be envisioned with Islam experienced not as a straitjacket but as an ethical and cultural wealth Arguing that the debate cannot be reduced to a confrontation between two approaches the modern and secular versus the traditional and Islamic Ramadan demonstrates that not only are both of these routes in crisis but that the Arab world has an historic opportunity to stop blaming the West to jettison its victim status and

to create a truly new dynamic Tariq Ramadan offers up a challenge to the Middle East what enduring legacy will you produce from the historic moment of the Arab Spring The Sutra of Awakened Islam Gabriel Antonio Ponti,2025-11-26 The Sutra of the Awakened Islam is a mystical and metareligious work that redefines the profound essence of Sufism through the integrative vision of Maitriyana In this luminous text Master Maitreya a leading figure of contemporary spiritual thought and founder of Purna and Mahapurna Buddhism presents a unique synthesis of the wisdom of spiritual Islam the Buddhist Middle Way and the universal ethic of Non Attachment Across its verses the reader is guided toward an understanding of Zen Sufism a contemplative current that unites East and West the profane and the sacred the external law and the inner truth Through concepts such as mahabbah Divine Love fan Evanescence of the ego tawhid Mystical Unity and irf n Supreme Knowledge this work reveals the Spiritual Path that transforms the human being from external obedience to the full realization of Unity With philosophical clarity symbolic depth and poetic beauty Master Maitreya shows how Awakened Islam emerges as a peaceful revolutionary force capable of renewing entire civilizations revitalizing the prophetic spirit and offering a path of liberation from the greed dualism and nihilism of modernity This Sutra is an invitation to universal brotherhood ethical commitment and transformative contemplation It is an essential work for those seeking to understand Islamic spirituality from its mystical root and for all who aspire to a humanity unified by Love Wisdom and Truth *Islamic Awakening Between Rejection & Extremism* Yūsuf Qaradāwī,1990 *Islamic Awakening Between Rejection and Extremism* Yūsuf al- Quaradawi,1991
