Babies R Us Kardashian:

First Comes Love Shelley Cobb, Neil Ewen, 2015-08-27 Examines media treatment of power couples and celebrity relationships

Hijacking the Runway Teri Agins, 2014-10-09 A fascinating chronicle of how celebrity has inundated the world of fashion realigning the forces that drive both the styles we covet and the bottom lines of the biggest names in luxury apparel From Coco Chanel's iconic tweed suits to the miniskirt's surprising comeback in the late 1980s fashion houses reigned for decades as the arbiters of style and dictators of trends Hollywood stars have always furthered fashion's cause of seducing the masses into buying designers' clothes acting as living billboards Now forced by the explosion of social media and the accelerating worship of fame red carpet celebrities are no longer content to just advertise and are putting their names on labels that reflect the image they or their stylists created Jessica Simpson Jennifer Lopez Sarah Jessica Parker Sean Combs and a host of pop sports and reality show stars of the moment are leveraging the power of their celebrity to become the face of their own fashion brands embracing lucrative contracts that keep their images on our screens and their hands on the wheel of a multi billion dollar industry And a few celebrities like the Olsen Twins and Victoria Beckham have gone all the way and reinvented themselves as bonafide designers Not all celebrities succeed but in an ever more crowded and clamorous marketplace it's increasingly unlikely that any fashion brand will succeed without celebrity involvement even if designers like Michael Kors have to become celebrities themselves Agins charts this strange new terrain with wit and insight and an insider's access to the fascinating struggles of the bold type names and their jealousies insecurities and triumphs Everyone from industry insiders to fans of Project Runway and America's Next Top Model will want to read Agins's take on the glitter and stardust transforming the fashion industry and where it is likely to take us next

Introducing Sociology Using the Stuff of Everyday Life Josee Johnston, Kate Cairns, Shyon Baumann, 2017-01-06 The challenges of teaching a successful introductory sociology course today demand materials from a publisher very different from the norm Texts that are organized the way the discipline structures itself intellectually no longer connect with the majority of student learners This is not an issue of pandering to students or otherwise seeking the lowest common denominator On the contrary it is a question of again making the practice of sociological thinking meaningful rigorous and relevant to today's world of undergraduates This comparatively concise highly visual and affordable book offers a refreshingly new way forward to reach

students using one of the most powerful tools in a sociologist's teaching arsenal the familiar stuff in students' everyday lives throughout the world the jeans they wear to class the coffee they drink each morning or the phones their professors tell them to put away during lectures A focus on consumer culture seeing the strange in the familiar is not only interesting for students it is also the authors suggest pedagogically superior to more traditional approaches By engaging students through their stuff this book moves beyond teaching about sociology to helping instructors teach the practice of sociological thinking It moves beyond describing what sociology is so that students can practice what sociological thinking can do This pedagogy also posits a relationship between teacher and learner that is bi-directional Many students feel a sense of authority in various areas of consumer culture and they often enjoy sharing their knowledge with fellow students and with their instructor Opening up the sociology classroom to discussion of these topics validates students' expertise on their own life worlds Teachers in turn gain insight from the goods services and cultural expectations that shape students' lives While innovative the book has been carefully crafted to make it as useful and flexible as possible for instructors aiming to build core sociological foundations in a single semester A map on pages ii-iii identifies core sociological concepts covered so that a traditional syllabus as well as individual lectures can easily be maintained Theory method and active learning exercises in every chapter constantly encourage the sociological imagination as well as the doing of sociology

KEEPING UP WITH THE KARDASHIANS Kim Kardashain Kris Jenner Kylie Jenner The Kardashians 4 books in 1Featuring Kim Kardashian Kris Jenner Kylie Jenner The Kardashians 4 Great Books in 1 Kim Kardashian Love them or hate them there is no discussion of the phenomena of modern celebrity without its apex creatures the Kardashian family The Kardashians are exceptional in every sense of the word A non traditional racially diverse blended family from immigrant stock they are also spearheaded and moved by empowered women with limited education How this brood turned the proverbial 15 minutes of fame into 15 fabulous years of that plus staggering fortune is practically a fairy tale This is lightning in a bottle especially for reality TV stars whose initial ambiguous claims to fame were links to a 1970s sports icon a 1990s murder trial and a 2007 starlet sex tape The once unconventional family name has since become an unforgettable global brand monetized by its members into various forms into a collective valuation of well over one billion dollars And the journey all began with Kim Kim Kardashian Superstar Superstar does not even begin to cut it What she eventually became was a constellation of superstar This is her story Kris Jenner This is Kris Houghton Kardashian Jenner or whatever incarnation she chooses to go by these days With everything she has achieved she could be anything But before she got here she was Kris Houghton beautiful teen from a broken family on the lookout for a better life and seeing it linked to securing a good husband She was Mrs Robert Kardashian high school graduate suddenly swept off her feet and into the halls of the powerful popular and wealthy and expected to play the part of Beverly Hills homemaker to the hilt She was Mrs Bruce Jenner finally able to spread her wings and explore her heretofore undiscovered talents of managing a brand and a business She was the former Mrs Caitlyn Jenner too from when her husband transitioned to a woman and she consequently had to weather the storms as gracefully as possible before the cruel glare of the spotlight and the public eye She now holds pride in her main role of mom and manager momager to her Kardashian and Jenner children through five of whom she is also a loving and indulgent grandmother This is Kris Houghton Kardashian Jenner SELF MADE and all the she had made of herself by herself This is her story Kylie JennerThe Kardashian family has ignited many a national debate on a variety of topics over their more than ten years in the spotlight and on complex issues at that Their prominence has repeatedly raised interesting questions on what it means to be a family on modern day celebrity racial politics female sexuality and gender norms And now with Kylie Jenner s news making Forbes cover the family has stirred the pot again The Kardashians The American Dream are words often uttered with the reverence it deserves It is a collective ethos a defining piece of national character that champions the idea that the individuals of a country regardless of their background would be able to maximize their personal potentials in pursuit of their

happiness and success It is a vision of meritocracy where hard work risk taking and gumption is rewarded where everyone has ample opportunity to show and be justly compensated for their abilities determination and daring It is an appropriately new vision for the New World It is a bold revolutionary vision But by its very name The American Dream is just that a dream It is an acknowledgement that reality does not always match the ideal It requires work and protection to continue being upheld But for one family the dream has become a reality Babies Are a Special Gift Kim Anderson,2000-03
