A Paradigm for Business Communication across Cultures: Theoretical Highlights for Practice Dr. Yongqiang LIU _

□, 2015-01-01 Today s global citizens operate business and management endeavors on a global scale Globalization generates an increasing demand for effective communication in diverse cultural contexts and challenges the relevance of culture in

operating businesses in the global village Communication differences are apparent in many scenarios Expatriates of international organizations operating abroad adopt their native cultural values to motivate employees of foreign cultures with an entirely different perspective They use one culture s motives to move people from other cultures In global marketing communication the communicators use values systems of their native culture to develop advertising for other cultures They use categorizations of one culture to describe others Such divergence in attitudes perspectives and priorities of suppliers and customers with different cultural backgrounds have led to many project failures in international organizations An in depth understanding of cultural backgrounds and the potential impact on communication of the people one is interacting with can increase the probability of business success among investors managers entrepreneurs and employees operating in diverse cultures However effective cross cultural business communication needs to recognize and adopt an interdisciplinary perspective in understanding the cultural forces Leung K et al 2005 Therefore we need a multidisciplinary paradigm to carry on effective and successful business communication in our contemporary global village
