The Fundamentals of Hedge Fund Management Daniel A. Strachman,2012-05-23 Updated edition of the book that gives investors advisors and managers the tools they need to launch

and maintain a hedge fund in today's economy. The hedge fund industry has gone through dramatic changes in recent years. Investors of all types continue to want to place their assets into these investment vehicles even in the wake of the credit crisis, massive frauds and insider trading scandals. Once the forbidden fruit of Wall Street, hedge funds are now considered must-have investments in any diversified portfolio. Now in its second edition, *The Fundamentals of Hedge Fund Management* is revised and updated to address how the credit crisis, legislation, fraud, technology, investor demand, global markets and the economic landscape have affected the industry. Providing readers with a detailed and in-depth analysis of the world of hedge funds, the people working in it and a look at where it's headed, the book is a timely and indispensable reference and research tool for helping professional money managers, traders and others to launch and grow successful hedge fund businesses. Addresses how the credit crisis and its fallout has affected the hedge fund industry and what this means for the future. Provides the essential information needed to launch and maintain a successful hedge fund in the new global economy. Walks the reader through running a hedge fund, helping you to gain success over years not just months. An essential resource for anyone looking to invest in these much discussed investment products. *The Fundamentals of Hedge Fund Management* Second Edition is now fully revised and updated.
