Fresher Styles for Web Designers Curt Cloninger, 2008-12-18 *Fresher Styles for Web Designers* surveys eight innovative contemporary visual design styles that break the mold and offer creative solutions to a variety of interactive design challenges Readers will learn practical ways to incorporate these design approaches into their commercial work using specific online examples as illustration In 2001 Cloninger wrote *Fresh Styles for Web Designers* arguing that beauty actually enhances usability Since then styles and technologies have evolved but clients still expect sites that both function well and visually entice This book will inspire web designers and developers to deliver sites that do both There are plenty of web design books that teach code There are several books about contemporary print design that discuss visual aesthetics This book stands out because it synthesizes experimental web design innovations with commercial marketing goals without

ignoring usability concerns **When Search Meets Web Usability** Shari Thurow, Nick Musica, 2009-04-08 This book delivers a proactive approach to building an effective Web site that is search engine friendly and will result in better search rankings. It outlines the steps needed to bridge the gap between a Google search and a Web site and also improve the users' experience once they get to the site. By understanding the wide variety of information seeking strategies and the individual behaviors associated with them, this book helps information architects, Web designers, developers, SEOs, SEMs, and usability professionals build better interfaces and functionality into Web sites. Creating a satisfying user experience is the key to maximizing search effectiveness and getting conversions.

Adobe Dreamweaver CS6 Classroom in a Book Adobe Creative Team, 2012-06-17 Creative professionals seeking the fastest, easiest, most comprehensive way to learn Adobe Dreamweaver CS6 choose Adobe Dreamweaver CS6 Classroom in a Book from the Adobe Creative Team. The 15 project-based lessons in this book show you step by step everything you need to know to work in Dreamweaver CS6. You'll learn to create a professional website without having to write code by hand. This completely revised CS6 edition also covers HTML5, CSS3, and media queries for responsive web design. The book also shows how to create HTML-based headings, paragraphs, lists, and tables; insert graphics and Photoshop Smart Objects; add links to text and images; apply cascading style sheets; and customize the Dreamweaver workspace. You'll also learn to add interactive elements to your sites, such as HTML5-compatible video and animation; get guidance for working with code; and finally publish a finished site to the Web. The companion DVD includes all lesson files so you can work along with the book as well as two hours of free video tutorials from Adobe Dreamweaver CS6 Learn by Video. **Breaking News:** In September 2012, Adobe released an update to Dreamweaver offering new features for Creative Cloud customers that give you the ability to easily add HTML5 tags, audio, video, and Adobe Edge Animate compositions to your projects and quickly find files with real-time search results on Mac OS. Register your book at peachpit.com to receive a free update that covers these features, including a completely new chapter, **Making Your Web Design Mobile Ready**.

Building Findable Websites Aaron Walter, 2009-02-02 This is not another SEO book written for marketing professionals. Between these covers, you'll find practical advice and examples for people who build websites aiming to reach their target audience. Each chapter will introduce you to best practices and fresh perspectives on how to accomplish these simple yet indispensable goals: Help more people find your site. Help users find content within your site. Encourage return visits. The path this book travels through the villages of Web standards, accessibility, and contemporary technologies like Ajax, APIs, Flash, and microformats. You'll find the big ideas behind these technologies and real-world examples illustrating that you don't have to compromise the user experience to create search engine-friendly, findable websites. Although this book illuminates a broad range of findability strategies, one common theme pervades: Web standards, compelling content, improved findability, more successful sites. You'll find even more findability guidance on the book's companion website, <http://buildingfindablewebsites.com>, including 5 bonus chapters.
