# BULLWHIP DAYS

THE SLAVES REMEMBER

THE ORAL HISTORY  
EDITED AND WITH AN INTRODUCTION BY  
**JAMES WELDON**

# Bullwhip Days

**Beverly Eileen Mitchell**

## **Bullwhip Days:**

**Bullwhip Days** James Mellon, 2014-12-23 Twenty nine oral histories and additional excerpts selected from 2000 interviews with former slaves conducted in the 1930s for a WPA Federal Writers Project document the conditions of slavery that lie at the root of today's racism. Publishers Weekly In the 1930s the Works Progress Administration commissioned an oral history of the remaining former slaves. Bullwhip Days is a remarkable compendium of selections from these extraordinary interviews providing an unflinching portrait of the world of government sanctioned slavery of Africans in America. Here are twenty nine full narrations as well as nine sections of excerpts related to particular aspects of slave life from religion to plantation life to the Reconstruction era. Skillfully edited these chronicles bear eloquent witness to the trials of slaves in America reveal the wide range of conditions of human bondage and provide sobering insight into the roots of racism in today's society. Remarkably articulate, vivid, moving and beautifully cadenced. *The New Yorker*

### **Enslaved**

**Women and the Art of Resistance in Antebellum America** R. Harrison, 2009-09-28 Draws on mid-seventeenth to nineteenth century slave narratives to describe oppression in the lives of enslaved African women. Investigates pre-colonial West and West Central African women's lives prior to European arrival to recover the cultural traditions and religious practices that helped enslaved women combat violence and oppression.

### **Plantations and Death Camps**

Beverly Eileen Mitchell, 2008-12-04 Historical theologian Beverly Mitchell probes some of the most egregious assaults on humans in the modern era to divine not only the root of racial and ethnic oppressions but also the unassailable heart of human dignity revealed in that suffering. Mitchell's work looks at the parallel oppressions that were visited upon African Americans in the slave era and upon Jews in the Nazi era. Mitchell finds a deeper commonality in the underlying religious and ideological justifications for their oppressions and the underlying dynamic theological features of each.

### **Enfleshing Freedom**

M. Shawn Copeland, 2023-11-28 The achievement of our humanity comes about only through immersion in concrete, visceral, embodied relational experience yet for many human beings that achievement is stamped by the struggle against oppression in history, society and religion. In this incisive and important work, distinguished theologian M. Shawn Copeland demonstrates with rare insight and conviction how Black women's historical experience and oppression cast a completely different light on our theological ideas about being human. Copeland argues that race embodiment and relations of power reframe not only theological anthropology but also our notions of discipleship, church, Eucharist and Christ. Enfleshing Freedom is a work of deep moral seriousness, rigorous speculative skill and sharp theological reasoning. This new edition incorporates recent theological, philosophical, historical, political and sociological scholarship, engages with current social movements like Black Lives Matter and MeToo, and presents a new chapter on the body.

### *A Shining Thread of Hope*

Darlene Clark Hine, Kathleen Thompson, 2009-10-14 At the greatest moments and in the cruellest times, black women have been a crucial part of America's history. Now the inspiring history of black women in America is explored in vivid detail by two leaders in the

fields of African American and women's history *A Shining Thread of Hope* chronicles the lives of black women from indentured servitude in the early American colonies to the cruelty of antebellum plantations from the reign of lynch law in the Jim Crow South to the triumphs of the Civil Rights era and it illustrates how the story of black women in America is as much a tale of courage and hope as it is a history of struggle On both an individual and a collective level *A Shining Thread of Hope* reveals the strength and spirit of black women and brings their stories from the fringes of American history to a central position in our understanding of the forces and events that have shaped this country *I Will Wear No Chain!* Christopher B. Booker,2000-09-30 This volume traces the social history of African American men from the days of slavery to the present focusing on their achievements their changing image and their role in American society The author places the contemporary issue of Black men's disproportionate involvement with criminal justice within its social and historical context while analyzing the most significant movements aiming to improve the status of Blacks in our society The book's main thesis is that an ever changing yet ever present process of criminalization has entrapped Black men throughout history thus creating a major barrier to their collective development The topics discussed include the role of Blacks in the Civil War Booker T Washington the Civil Rights movement and the Million Man March **Plantation Society and Race Relations** Thomas J. Durant,J. David Knottnerus,1999-04-30 Analyzes the social organization of slave plantations and its influence on race relations and social inequality in Southern plantation society and in today's America **Tell All the Children Our Story** Tonya Bolden,2001 Explores what it has meant to be young and black in America from the first recorded birth of a black child in Jamestown right on up until our own time **Small Worlds** Elliott West,Paula Petrik,1992 Thirteen essays treat children from the pre Civil War generation to 1950 as active influential participants in society The essays are organized into four topics cultural and regional variation toys and play family life and the ways evolving memories of childhood shape how adults think of themselves **Tell All the Children Our (Scholastic Edition) Story** Tonya Bolden,2002-09 In a warm personal voice Tonya Bolden explores what it has meant to be young and black in America From the first recorded birth of a black child in Jamestown through the Revolution the Civil War Reconstruction and the fight for civil rights right on up to our own time Bolden brings to light how black children have worked and played suffered and rejoiced 127 illustrations *From Virtue to Character* Jacqueline S. Reinier,1996 *From Virtue to Character American Childhood 1775-1850* explores the experience of childhood in America from the Revolution to the Civil War Beginning with the child rearing concepts of John Locke and those who popularized and elaborated on his views author Jacqueline S Reinier traces how the enlightened hope of the malleability of the child was folded into the ideology of the early American republic As cultural leaders sought to mold children into virtuous citizens and citizen's wives they drew on European enlightened thought which they blended with the American religious experience and Protestant belief **Fire from the Soul** Donald Spivey,2003 *Fire From the Soul A History of the African American Struggle* is more than a summary of the important issues and events in African American

history and a listing of who did what where and when It is a powerful and provocative reinterpretation of the African American experience from its African roots to the present and conveys important new historical information and ideas based upon extensive original research and the most important published scholarship in the field Hard hitting and compelling the overriding theme of Fire From the Soul is the struggle against what Spivey argues is and has been America s most pernicious ailment and indestructible obstacle to black progress racism Historiography is also addressed to give readers a flavor of the real world of academics and black history writing with its ongoing debates dramas conflicts and politics The prose is lively and opinionated forceful yet accessible Going far beyond the traditional textbook treatment of black history it is a fascinating book for those interested in African American history the African Diaspora race relations ethnic and cultural studies or for those wanting to explore this chapter of United States history Spivey Univ of Miami has provided an engrossing vivid account of the African American struggle for freedom Much more than a chronicle of events this is an intepreitive analysis of central themes in the black experience in the US Spivey takes up a wide range of issues and his views are often controversial but interesting this volume ably connects the history of racism to the contemporary US Summing Up Highly recommended
