Child Marriage, Rights and Choice Hoko Horii, 2021-11-18 This book addresses the issue of agency in relation to child marriage In international campaigns against child marriage there is a puzzle of agency While international human rights institutions celebrate girls exercise of their agency not to marry they do not recognize their agency to marry Child marriage usually defined as any formal marriage or informal union where one or both of the parties are under 18 years of age is normally considered as forced which is to say that it is assumed that are not capable of consenting to marriage This book however re examines this assumption through a detailed socio legal examination of child marriage in Indonesia Eliciting the multiple competing frameworks according to which child marriage takes place the book considers the complex reasons why children marry Structural explanations such as lack of opportunities and oppressive social structures are important but not exhaustive explanations Exploring the subjective reasons by listening to children s perspectives their stories show that many of them decide to marry for love desire to belong to the community and for new opportunities and hopes The book then demonstrates how the child marriage framework and indeed the human rights framework in general is constructed on too narrow a vision of human agency One that cannot but fail to respect and promote the agency of all regardless of gender race religion and age This book will be of interest to scholars students and practitioners in the areas of children s rights legal anthropology and socio legal studies

Child Marriage in Humanitarian Settings in the Arab Region Samira Atallah, 2016-11-15 This study tackles the issue of female child marriage in the Arab region particularly in conflict and humanitarian settings It explores the causes of this problem with a distinction between such structural determinants as family and community relations and gender roles that have long been present in many Arab countries and such contextual determinants as instability displacement and extreme poverty It also investigates the economic and health effects of child marriage for young brides their children and their communities especially in post conflict contexts The study also provides an overview of national obligations with regard to preventing child marriage as stipulated by international instruments and humanitarian laws It concludes with policy recommendations to address the multifaceted dimensions of child marriage and its implications for the rights of the girl child

Routledge Handbook of Childhood Studies and Global Development Tatek Abebe, Anandini Dar, Karen Wells, 2024-08-28 The Routledge Handbook of Childhood Studies and Global Development explores how global development agendas and processes of economic development influence children's lives It demonstrates that children are not only the frequent targets or objects of development but that they also shape and influence processes of economic political and sociocultural development The handbook makes the case for the importance of placing children at the heart of development debates and demonstrates how researchers policymakers and practitioners can engage children in development Through reports on field research as well as a critical engagement with theories in development studies and childhood studies contributors contest normative assumptions about childhood and global development They tease out and tease apart the complex social historical cultural economic epidemiological ecological geopolitical and institutional processes transforming what it means to be young in the world today Showcasing research from both established scholars and early career researchers and with particular prominence given to the work of authors from the global south this book will be an essential reference for policymakers practitioners and for researchers and students across childhood studies education geography sociology and global development

Childhoods in India T. S. Saraswathi, Shailaja Menon, Ankur Madan, 2017-08-31 This book highlights the significance of an interdisciplinary approach to understanding children and childhoods in the Indian context While it is recognised that multiple kinds of childhoods exist in India policy and practice approaches to working with children are still based on a singular model of the ideal child rooted in certain Western traditions The book challenges readers to go beyond the acknowledgement of differences to evolving alternate models to this conception of children and childhoods Bringing together well known scholars from history politics sociology child development paediatrics and education the volume represents four major themes the history and politics of childhoods deconstructing childhoods by analysing their representations in art mythology and culture in India selected facets of childhoods as constructed through education and schooling and understanding issues related to law policy and practice as they pertain to children and childhoods This important book will be useful to scholars and researchers of education especially those working in the domains of child
