## Honey Ant

**Henry Christopher McCook**

## Honey Ant:

*The Honey Ants of the Garden of the Gods, and the Occident Ants of the America Plains* Henry Christopher McCook,1844

**Ant** Charlotte Sleigh,2004-04-04 Ants are legion at present there are 11 006 species of ant known they live everywhere in the world except the polar icecaps and the combined weight of the ant population has been estimated to make up half the mass of all insects alive today When we encounter them outdoors ants fascinate us discovered in our kitchen cupboards they elicit horror and disgust Charlotte Sleigh s Ant elucidates the cultural reasons behind our varied reactions to these extraordinary insects and considers the variety of responses that humans have expressed at different times and in different places to their intricate miniature societies Ants have figured as fantasy miniature armies as models of good behavior as infiltrating communists and as creatures on the borderline between the realms of the organic and the machine in 1977 British Telecom hired ant experts to help solve problems with their massive information network This is the first book to examine ants in these and many other such guises and in so doing opens up broader issues about the history of science and humans relations with the natural world It will be of interest to anyone who likes natural history or cultural studies or who has ever rushed out and bought a can of RaidTM Charlotte Sleigh s stylish engaging and informative study deserves to win new members for the ant fan club Jonathan Bate The Times

**The Honey Ants of the Garden of the Gods** Henry Christopher McCook,1881 [Honey Ants, With a Revision of the American Myrmecocysti.](#) W M Wheeler,2023-07-18 Explore the fascinating world of honey ants with this in depth revision of the American Myrmecocysti Wheeler provides a thorough analysis of these amazing creatures from their unique anatomy to their complex social structures This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
