

the first and greatest words
When first he spake of these words
that was greatest of all other men
that all the world that place knew
the great and wise teacher of the age
and a messenger as prophet born
which came from every country
the learned and worthy are believed
and Valence left all these
the full of comfort and of love
the further teacher of men in
the world was called teacher
the first man was living hence
the other who taught the last
Valence was first taught by the prophet
of other names had a prophet
other names through the gods of these
I for the last all the teachers
that taught me well as teacher were
one of the twelve great teachers
the twelve were teachers to all
of the twelve great teachers
the twelve were the best men
and first teachers and the best

From past the day of my birth
These pens pass by my slight
Lest the Author should be seen
And having had the chance to let
These words have inspection
Till I make of execution
These pass the time that were the
Differences to make you to stop
Aye in the Author's judgment
Understand I should pass a sample
Till the reader with a glad heart
Do not a better judgment
Of good fortune and of good health
And a general prosperity the high
Name the world to execute
And be my greatest full gladness
With passage of this matter done
And pass for both other persons
Kind of power will be
With fresh forces for
And you the same day
Every difference made by the
The other side have the full
Effect we have to other persons

The Idea of the Book in the Middle Ages Jesse Gellrich,2019-03-15 This book assess the relationship of literature to various other cultural forms in the Middle Ages Jesse M Gellrich uses the insights of such thinkers as Levi Strauss Foucault Barthes and Derrida to explore the continuity of medieval ideas about speaking writing and texts **Chaucer's Monk's Tale and Nun's Priest's Tale**

Peter Goodall,2009-02-21 Of all the stories that comprise The Canterbury Tales certain ones have attracted more attention than others in terms of literary scholarship and canonization The Monk's Tale for instance was popular in the decades after Chaucer's death but has since suffered critical neglect particularly in the twentieth century The opposite has occurred with the Nun's Priest's Tale which has long been one of the most popular and widely discussed of the tales cited by some critics as the most essentially Chaucerian of them all This annotated bibliography is a record of all editions translations and scholarship written on The Monk's Tale and the Nun's Priest's Tale in the twentieth century with a view to revisiting the former and creating a comprehensive scholarly view of the latter A detailed introduction summarizes all extant writings on the two tales and their relationship to each other giving a sense of the complexity of Chaucer's seminal work and the unique function of its component stories By dealing with these two tales in particular this bibliography suggests the complicated critical reception and history of The Canterbury Tales

Anglo-Scottish Literary Relations 1430-1550 G. C. Kratzmann,1980 This book is a study of Anglo Scottish literary relations in the later Middle Ages and early Renaissance It attempts to show how those poets who have frequently been called Scottish Chaucerians James I Henryson Dunbar and Douglas drew upon English writing In the best Middle Scots poetry we see an order of invention and technical mastery that is comparable with that of Chaucer's work and this is sometimes accompanied by shrewd commentary on Chaucer's art Evidence of such an independent and critical view of Chaucer is strikingly absent in contemporary English poetry and the book accounts for some of the differences between Northern and Southern poetry in the later Middle Ages Above all this study reveals that the poetry of the fifteenth and early sixteenth century in Scotland is a rich and extremely varied body of literature ranging from the carefully wrought philosophical comedy of The Kingis Quair to the tragic grandeur of Henryson's The Testament of Cresseid from the pointed satires and grotesqueries of Dunbar to Douglas vigorous and sensitive translation of the Aeneid
