[Customizing and Upgrading Linux](#) Linda McKinnon, Al McKinnon, 2003-02-17 A no-nonsense guide for IT professionals. While Linux vendors promise speed, efficiency and reliability, it's the IT professionals who must deliver on that promise. Updated to reflect all the recent changes to Linux version 2.4, this new edition of the McKinnon's popular guide gets system administrators and engineers quickly up to speed on everything they need to know to customize and upgrade their Linux systems. From swap space options, disk partitions and installation through printer and video device configuration and installing and upgrading the Linux kernel, this guide follows the highly successful classroom tested approach that the McKinnons have refined during their years as professional trainers. Responding to the ongoing needs of IT professionals for current and reliable information on the latest technologies, Wiley Computer Publishing introduces the Gearhead Press titles. These books, written by accomplished trainers in their respective fields, focus on real world examples and case studies to give readers the best information on leading topics. The Gearhead Press titles are characterized by two imprints: In the Trenches and Point to Point, both series include fast-paced books written by fellow IT professionals who have been there and done that. In the Trenches books introduce technologies, guide readers to proficiency and serve as practical hands-on references after the initial tasks are accomplished. The Point to Point titles invite readers to join an IT team at a model company and implement technologies in real world environments, demonstrating actual problems and solutions. [Multitool Linux](#) Michael Schwarz, 2002 A unique practical resource goes beyond the how-to install Linux books to detail ways that people and businesses can solve real world problems with free open source software. The authors present a series of real world business computing situations, both for the home and business user, and then tell what Linux and free software provides to solve the problem.
