

9th Grade Math

- I do not have a Math Course identified on my course selection form...why?

Students taking Algebra 1 in 8th grade will either be taking Algebra 1 OR Geometry in 9th grade.

- *Determination of HS math placement (Algebra 1 or Geometry) is based on district criteria. This criteria requires data through the end of the school year & scoring a minimum of 80% on district Algebra exam. Students will be placed in HS math course according to this criteria.*
- Some students/ parents have concerns about a student not proceeding to Geometry. Solid Algebraic skills are a necessity for success in HS math (they will have Algebra 2 ahead of them).
- Once in HS we have not had students regret getting a solid Algebra foundation. However, students without that foundation have voiced regrets in "pushing" forward when facing Intermediate Algebra, Algebra 2, Trig and Calculus as they face a much more difficult journey.
