Interests Institutions And Information Domestic Politics And International Relations:

Interests, Institutions, and Information Helen V. Milner, 1997-09-18 The interaction of the domestic actors preferences given their political institutions and levels of information defines when international cooperation is possible and what its terms will be. Several test cases examine how this argument explains the phases of a cooperative attempt: the initiation of the negotiations at the international level and the eventual domestic ratification

Russian-Belarusian

Integration Alex Danilovich, 2018-02-06 Russian domestic politics has long been both labyrinthine and pragmatic at once both inordinately complex and breathtakingly dynamic. The same can be said of Russia's foreign policy in particular in relations with former Soviet republics. Any study of Russian foreign policy comes back to the intriguing question of why Russia, long perceived as an inveterate imperial power, would refuse to take back a handsome portion of its former empire, a portion that offers a bridge to Europe and an advantageous geostrategic position. Despite formal declarations, Russia has made little progress in achieving union with its ex-Soviet neighbour Belarus. Linking Russia's foreign policy to its domestic politics, Alex Danilovich clarifies this paradox and explains why specific attempts to reunify Russia and Belarus failed, contrary to the desires of significant forces on both sides and to certain theory-based expectations

The Determinants of

Leadership Fei Su, 2022-08-25 This book investigates the determinants of leadership in East Asia, emphasizing the significance of followership in the success and failure of leadership projects proposed by China, Japan, and the United States. While doing so, it answers a central question in the field of international relations: Why do potential leader countries succeed in obtaining potential followers in some instances but fail to do so in other instances? Employing an inclusive leadership and societal approach, the book investigates how the leading countries motivate followership in East Asian economic and security dynamics. It analyzes how Chinese, Japanese, and American leadership obtained acceptance from potential followers, focusing on the significance of domestic politics of potential follower countries in shaping their governmental preferences and generating followership. The book features empirical evidence in six case studies covering topics such as the successful Chinese endeavor of South Korea joining the Chinese initiative for the Asian Infrastructure and Investment Bank (AIIB), the failed US attempt to prevent South Korea from doing so, the US's success to convince Japan to join the Trans-Pacific Partnership (TPP), the failed Japanese strive for winning South Korea's support for Japan's bid for a permanent seat at the UN Security Council (UNSC), the Chinese failure at obtaining the Philippines' backing of the Chinese aspirations in the South China Sea (SCS) during the Aquino Presidency, and finally the Chinese success one the same effort during the Duterte presidency. The book will appeal to students, scholars, and researchers of international relations interested in a better understanding of leadership determinants in East Asia, Global Power Shift, foreign policy, as well as East Asian economic and security dynamics.

Two-Level Role Theory and EU Migration Magdalena Kozub-Karkut, 2024-12-02 Applying role theory and Putnam's two-level game framework to the European migration crisis of 2015, Magdalena Kozub Karkut expertly shows how the Czech

Republic Slovakia Hungary and Poland used the crisis to contest their roles in the European Union EU and how each country and the V4 as a group subsequently used their new contested roles in the bargaining process within the EU structures In doing so Kozub Karkut demonstrates how international negotiations might be used by the chief negotiators as a way of triggering contestation and enhancing their position at the domestic level as well as how role contestation processes from the domestic level might be used at the international one Two Level Role Theory and EU Migration is an excellent resource for scholars and students of Foreign Policy Analysis International Relations Theory European Studies and Migrations Studies Chapter 3 and 7 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license
