**The Spiritual Anatomy of Emotion** Michael A. Jawer, 2009-05-21 A cutting edge examination of feelings not thoughts as the gateway to understanding consciousness Contends that emotion is the greatest influence on personality development Offers a new perspective on immunity stress and psychosomatic conditions Explains how emotion is key to understanding out of body experience apparitions and other anomalous perceptions Contemporary science holds that the brain rules the body and generates all our feelings and perceptions Michael Jawer and Dr Marc Micozzi disagree They contend that it is our feelings that underlie our conscious selves and determine what we think and how we conduct our lives The less consciousness we have of our emotional being the more physical disturbances we are likely to have from ailments such as migraines fibromyalgia chronic fatigue and post traumatic stress to anomalous perceptions such as apparitions and involuntary out of body experiences Using the latest scientific research on immunity sensation stress cognition and emotional expression the authors demonstrate that the way we process our feelings provides a key to who is most likely to experience

these phenomena and why They explain that emotion is a portal into the world of extraordinary perception and they provide the studies that validate the science behind telepathic dreams poltergeists and ESP The Spiritual Anatomy of Emotion challenges the prevailing belief that the brain must necessarily rule the body Far from being by products of neurochemistry the authors show that emotions are the key vehicle by which we can understand ourselves and our interactions with the world around us as well as our most intriguing and perennially baffling experiences A Woman's Journey to God Joan Borysenko,1999 Women now make up the largest group of religious dropouts in Western society and Joan Borysenko is asking why Just as medical developments made by and for men were expected to apply to women so religions created by and for men are somehow expected to work equally well for women But the religious and ritual forms that have been shaped so much by men can be alienating to women who spend much of their lives searching for their faith Through a fresh look at old traditions case studies new rituals her own story and the stories of others Borysenko has encountered in their struggle to find God A Woman s Journey to God seeks to help women heal the anger they ve felt toward their own spiritual traditions and find a way back that incorporates their needs **The Invisible Corset** Lauren Geertsen,2021-01-19 Learn to love your body for real this time Women in touch with the wisdom of their bodies are the single greatest threat to societal systems of domination oppression and control We are also the greatest possibility to bring healing peace and restoration to our world Lauren Geertsen No matter how much we try to tell ourselves to love our bodies and accept our flaws most women can t quite get there Even though we know the beauty standard is unrealistic we secretly feel like it would be so much easier if our stomach were just a little flatter or our skin a little smoother or a million other little things As a result we sacrifice our health heritage sanity and lives on the altar of beauty culture Why is it so hard to feel confident about our bodies or even just accept them Because willpower alone isn t enough to undo generations of brainwashing intended to repress women s confidence and power In The Invisible Corset Geertsen carefully illustrates the psychological gaslighting that leads women to internalize the belief that their appearance makes them not only unworthy of love but incapable of fulfilling their actual destiny By highlighting each restricting string of the invisible corset all women wear Geertsen helps us reclaim our bodies for ourselves discovering newfound confidence power joy and pleasure as we do You ll explore How the invisible corset cuts you off from your body s wisdom and nature s intelligence the true sources of your intuition pleasure and power How beauty culture is the most recent form of patriarchal oppression and why women are both responsible and able to free ourselves Why the body positivity movement often makes self criticism even worse The racist history of beauty culture and how it still perpetuates racism today Journaling prompts rituals meditations and other exercises to help unravel the toxic beliefs that keep the invisible corset in place A variety of practices to help you reconnect with your body to tune into your intuition set healthy boundaries align with your True Self and more For any woman who is ready to go from struggle discomfort control and shame to pleasure confidence freedom and soul fulfilling purpose The Invisible Corset is an essential guide **Psychic**
