## **Awkward Moments Childrens Bible Vol 1:**

**Awkward Moments (Not Found in Your Average) Children's Bible - Vol. 1** Horus Gilgamesh, 2013-10-01 Combining real Bible verses with whimsical original illustrations Awkward Moments uses humor to encourage people from all walks of life to think about the Bibles on their shelves perhaps for the first time Let s be honest there are some things in the Good Book that are just awkward There are verses we d like to forget or that have been changed throughout the centuries There are many verses you ve never heard before in church let alone seen in your average children s Bible Not to mention the verses that have been added over the centuries Most people were raised in the faith chosen by their family Young kids learned a few Bible stories taken out of context and accepted them without question After decades of repetition and tradition it s understandable that we might put our beliefs on auto pilot and just nod as a pastor repeats the verses and ideas that are already familiar and comfortable to us It s no wonder that recent studies show an incredible lack of Biblical knowledge among Christians 55% unable to even name the four Gospels of the New Testament the very foundation of Christianity Our goal To get people to really read their Bibles and think for themselves We hope these illustrations and commentaries will encourage readers to ask some important questions for themselves for their children for their culture and for their society If we get a good laugh out of our readers in the mean time it s a bonus

**Awkward Moments (Not Found in Your Average) Children's Bible - Volume #1** Horus Gilgamesh, 2013-10-10 How well do you know the Good Book Written by a retired ministry leader this book combines actual Bible verses with more than 30 whimsical original illustrations and commentaries to encourage readers from all walks of faith to think about how the Bible shapes our culture as Christianity continues to evolve What began as a private online gag among interfaith friends quickly grew into a 1 Amazon Bestseller on its first day of sales enjoyed by fundamentalist Christians and militant atheists alike BEWARE NOT FOR KIDS This is definitely not your average children s Bible If you thought the bestselling parody Go The F k To Sleep was inappropriate for story time with kids you haven t seen anything yet Leave it to the Bible However this book is not a satire but a real look into some of the more troubling passages from both the Old Testament and the New Testament including the words and teachings of Jesus Christ himself Unicorn Murders Genocidal Behavior Foreskins Fetishes Boiled Babies Missing Messiah Selling Daughters Cannibalism Club Genetic Breakthroughs Demonic Bacon Gagged Women Jihad Jesus Historical manipulation of the Bible And much more Let s be honest there are some things in the Good Book that are just awkward There are verses we d like to forget or that have been changed throughout the centuries There are many verses you ve never heard before in church let alone seen in your average children s Bible Not to mention the verses that have been added over the centuries The Awkward Moments Children s Bible is much more than an irreverent book for your coffee table Christian readers agnostics and atheists will find themselves laughing out loud while being encouraged to think about the Bible and Christianity in a new way Most people were raised in the religion chosen by their family Young children learn a few Bible stories taken out of

context and accept them without question On what basis could they possibly question their parents or church leaders After decades of repetition and tradition it s understandable how we might put our beliefs on auto pilot and just nod as a pastor repeats bizarre stories that are already familiar to us It s no wonder that recent studies show an incredible lack of Biblical knowledge among Christians 55% unable to even name the four Gospels of the New Testament the very foundation of Christianity This book takes a much different tone than other authors who are critical of the Bible and Christianity It is not as academic or dry as Bart Ehrman or Richard Carrier It is not as arrogant or condescending as some find Richard Dawkins or Christopher Hitchens or as blustery as many accuse Sam Harris or Daniel Dennett Instead Horus Gilgamesh takes the approach Let s assume that it s all true and work backwards from there In doing so the author directly challenges many of today s Christian leaders from Joel Osteen and Pat Robertson to Joyce Meyer and Ken Ham This book is as much a critique on the evolution of Christian culture as it is about the history of the Bible The goal of this mock Children s book is not to do mock a reader s faith but to encourage critical thinking *Awkward Moments Not Found In Your Average Children s Bible* encourages readers to really understand what is in their Bibles and think for themselves about the context of Biblical teaching The book will hopefully challenge Christian readers to reflect on how religion continues to shape the lives and culture of future generations If readers happen to laugh out loud and enjoy the interactive puzzles and games in the meantime it s just an added bonus

**Children's Bibles in America** Russell W. Dalton, 2015-11-19 Children s Bibles have been among the most popular and influential types of religious publications in the United States providing many Americans with their first formative experiences of the Bible and its stories In *Children s Bibles in America* Russell W Dalton explores the variety of ways in which children s Bibles have adapted illustrated and retold Bible stories for children throughout U S history This reception history of the story of Noah as it appears in children s Bibles provides striking examples of the multivalence and malleability of biblical texts and offers intriguing snapshots of American culture and American religion in their most basic forms Dalton demonstrates the ways in which children s Bibles reflect and reveal America s diverse and changing beliefs about God childhood morality and what must be passed on to the next generation Dalton uses the popular story of Noah s ark as a case study exploring how it has been adapted and appropriated to serve in a variety of social agendas Throughout America s history the image of God in children s Bible adaptations of the story of Noah has ranged from that of a powerful angry God who might destroy children at any time to that of a friendly God who will always keep children safe At the same time Noah has been lifted up as a model of virtues ranging from hard work and humble obedience to patience and positive thinking Dalton explores these uses of the story of Noah and more as he engages the fields of biblical studies the history of religion in America religious education childhood studies and children s literature

*Awkward Moments (Not Found in Your Average) Children's Bible - Vol. 3* Horus Gilgamesh, Holly Akers, 2018-04 Combining real Bible verses with whimsical original illustrations *Awkward Moments* uses humor to encourage people from all walks of life to think

about the Bibles on their shelves perhaps for the first time Let s be honest there are some things in the Good Book that are just awkward There are verses we d like to forget or that have been changed throughout the centuries There are many verses you ve never heard before in church let alone seen in your average children s Bible Not to mention the verses that have been added over the centuries Most people were raised in the faith chosen by their family Young kids learned a few Bible stories taken out of context and accepted them without question After decades of repetition and tradition it s understandable that we might put our beliefs on auto pilot and just nod as a pastor repeats the verses and ideas that are already familiar and comfortable to us It s no wonder that recent studies show an incredible lack of Biblical knowledge among Christians 55% unable to even name the four Gospels of the New Testament the very foundation of Christianity Our goal To get people to really read their Bibles and think for themselves We hope these illustrations and commentaries will encourage readers to ask some important questions for themselves for their children for their culture and for their society If we get a good laugh out of our readers in the mean time it s a bonus

Religions Are Remixes Seth M. Walker,2024-07-26 This book utilizes an approach that centers on remix theory and conceptual metaphor theory arguing for an examination of the study of religion via a model for analyzing cultural constructs that the author terms Remix After discerning the metaphorical correspondences underlying his argument the author claims that the shift in conceptual and terminological framing remix provides can assist in understanding religious phenomena and developments differently paying close attention to the sorts of meanings implications and assumptions that are disrupted and subverted as a result The chapters indicate how notions of originality authenticity and authority are problematized and challenged from the perspective modeled by Remix with Buddhist philosophy occupying a significant role in the demonstrative examples This book will be of interest to remix theorists and conceptual metaphor theorists because it advances a new approach to applying both remix and metaphor to the study of cultural constructs It will also be valuable for those studying religion and digital culture especially Buddhist thought and practice as it proposes a new lens through which religiosity can be defamiliarized and critically analyzed
