Fortuny Wendy Ligon Smith, 2022-09-13 Uncovers the extraordinary breadth of designer Mariano Fortuny including and beyond his fashion output alongside the personal and political catalysts that inspired him. Mariano Fortuny y Madrazo 1871-1949 was a polymath who experimented in a variety of media including electric lighting, stage design, photography, the development of pigments and textile and garment design. Yet his vision as a painter persistently attuned to light and color shaped all his artistic endeavors. *Fortuny Time Space Light* examines Fortuny's Venetian workspaces, clothing designs, stage lighting inventions and paintings to find unifying themes of revivalism, memory, light, magic and secrecy that run throughout his wide-ranging career. It features new archival discoveries including unseen artworks and unpublished personal writings as well as a new analysis of Fortuny's paintings never before discussed in an English language publication. In addition to providing historical context and visual analysis of his work, the book delves into the relationships between Fortuny and Proust, Wagnerian opera and Italian fascism. It also aims to illuminate more of Fortuny's personal motivations through new archival evidence and unpublished notes to explore how his object collection and library were used as catalysts for his innovative creations.

Axel Vervoordt: Wabi Inspirations Axel Vervoordt, Tatsu Miki, 2011-02-22 Interior design guru Axel Vervoordt shares his latest inspirations for the home. Axel Vervoordt's intense curiosity has fueled his work as an interior designer, spurring him to explore and draw inspiration from cultures around the globe. He was first exposed to Eastern art and philosophy years ago but today it has become the guiding principle in his work, particularly the concept of Wabi. Developed in the twelfth century, Wabi advocates simplicity and humility, the rejection of all that is superfluous or artificial. Through extraordinary photographs from Japan and Korea to Belgium and Switzerland, Vervoordt invites us to explore the elements that inspire him: natural materials and time-worn objects that evoke the essence of Wabi. Today, together with the Japanese architect Tatsu Miki, Vervoordt carries the principles of Wabi into his remarkable interiors. As Vervoordt reveals how he infuses his current creations with a fundamentally oriental approach, interior devotees will gain new insight from this tribute to the designer's latest sources of inspiration for the home.

In-finitum Axel Vervoordt, Museo Fortuny, 2009 The trilogy as conceived by Axel Vervoordt establishes a perfect balance through the natural time flow between its three chapters. *In-finitum* will traverse into the other realm as it reaches into the universe of the unfinished and the infinite.
