Ayn Rand Atlas Shrugged:

Atlas Shrugged Ayn Rand, 1992 Ayn Rand's epochal novel first published in 1957 has been a bestseller for more than four decades as well as an intellectual landmark. It is the story of a man who said that he would stop the motor of the world and did. Was he a destroyer or the greatest of liberators? Why did he have to fight his battle not against his enemies but against those who needed him most and his hardest battle against the woman he loved? What is the world's motor and the motive power of every man? Tremendous in its scope, this novel presents an astounding panorama of human life from the productive genius who becomes a worthless playboy to the great steel industrialist who does not know that he is working for his own destruction to the philosopher who becomes a pirate to the woman who runs a transcontinental railroad to the lowest trackworker in her Terminal tunnels. Peopled by larger-than-life heroes and villains charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand's masterpiece. her last year of high school she was introduced to the history of the United States and immediately decided to make America her model of what an ideal society should look like Rand came to the United States as a young woman for a visit in 1925 and as fate would have it she never returned to Russia In middle age Rand continued trying to write in some capacity as a profession but she had also formed her personal philosophy of integrating ethics metaphysics epistemology politics economics and sexuality into what came to be called Objectivism or as she called it a philosophy for living on earth Rand began writing *Atlas Shrugged* her enormous three part major novel each with ten chapters in 1946 Nearly 10 years after it was begun she finished what ultimately became her greatest achievement and she poignantly dramatized her unique philosophy Though *Atlas Shrugged* had been a popular title when Ayn Rand published it in 1957 it's quite possible that the only reference to it that many Americans heard before 2009 came from the hit series *Mad Men* However this staple of conservative and libertarian reader took on new life as the new Obama Administration sought to use government resources to fix financial problems In 2009 with the global economy hemorrhaging jobs and Western governments pouring hundreds of billions of dollars in taxpayer money to bail out troubled financial firms and large companies frustrated people and political analysts turned to a book written over 50 years earlier as a guide out of the abyss Conservative politicians like Ron Paul who named his son after Rand and commentators like Glenn Beck and Rush Limbaugh publicly praised Rand and her works and Supreme Court Justice Clarence Thomas labeled *Atlas Shrugged* one of his favorite novels By January 2009 one article in the Wall Street Journal was titled *Atlas Shrugged* From Fiction to Fact in 52 Years Over the last few years Rand has become a household name and her works have seen their sales spike Rand and her work are now some of the most influential and relevant works in America today Ayn Rand *Atlas Shrugged* chronicles the life ideology and writings of the most famous Libertarian writer examining her work and her enduring legacy Along with pictures of important people places and events you will learn about Ayn Rand and her magnum opus like you never have before in no time at all
