Blindsided by a Diaper Dana Bedford Hilmer,2007-06-19 It used to be just the two of you Now you have a baby or maybe even a few kids and the luxury of time to frolic talk romance and simply hang out is gone replaced by a big dose of chaos and the demands of little people who rule your home with small adorable iron fists Parenthood brings changes to your relationship changes that are at once profound beautiful irrevocable and scary These changes knock you off balance forcing even the most secure couples to go back to the basics in figuring out how to define a new version of we In Blindsided by a Diaper some of today s most popular writers dare to tell what it s really like for couples in the trenches of the parenting experience They boldly reveal intimate aspects of their relationships sharing the choices they ve made the joy and frustrations they ve experienced the trials and tribulations of their sex lives the lessons they have learned and how their lives together as parents may or may not be what they were expecting The writers have quite literally invited you inside their bedrooms their minds and their lives as parents

The Smallest Things Angela Mollard,2014-03-01 From the high profile and popular journalist Angela Mollard this is a wholly delightful funny and charming book part memoir part how to manual about giving your kids a real childhood Childhood Mum had once said to me is not preparation for life it is life But in the tussle between home and work I d forgotten what a privilege it is to be a parent to have in my hands and heart two small souls I have for only a short time to guide and teach and enjoy If I pressed on driven by deadlines and bosses and a stultifying work ethic then I would miss everything that really mattered As a journalist Angela Mollard never left home without her passport contact lenses and a spare pair of knickers not because she was incontinent but in case she had to drop everything and fly overseas for a story But then she had a baby and this new hand luggage was as compatible with her job as a ham and jam sandwich By the time one child became two work was seeping into every corner of her life and turning her into the sort of person she loathed She was suffering an integrity crisis Yet what she wanted was quite simple time to enjoy her children sufficient cash to keep everyone in food nappies and wine and the energy to be a half decent wife So why was it all so hard From popular columnist and commentator Angela Mollard comes the story of how she learned to aim wide not high and to

enjoy her children again Part memoir part manual the Smallest things is for all parents trying to reconcile their various roles and create a childhood for their kids that incorporates both Minecraft and the Famous Five Offering parents ideas and hope plus plenty of parenting pitfalls to make them feel better about their own the Smallest things is a funny charming and movingly candid story of putting family first and why the smallest things in life matter the most
