**The Complete Idiot's Guide to Reading with Your Child** Helen Coronato, 2007-08-07 Bring out the reader in every child This one of a kind guide helps parents raise their kids to be readers for life Includes tips for moms and dads even when English isn't their first language along with the other adults in their lives suggests great titles to be read aloud apart and together from birth to high school and much much more The book's Great Titles to Share together lists are broken out by age in appropriate chapters and then gathered together in an appendix for easy cross referencing

**International Handbook of Language Acquisition** Jessica Horst, Janne von Koss Torkildsen, 2019-05-01 How do children acquire language How does real life language acquisition differ from results found in controlled environments And how is modern life challenging established theories Going far beyond laboratory experiments the International Handbook of Language Acquisition examines a wide range of topics surrounding language development to shed light on how children acquire language in the real world The foremost experts in the field cover a variety of issues from the underlying cognitive processes and role of language input to development of key language dimensions as well as both typical and atypical language development Horst and Torkildsen balance a theoretical foundation with data acquired from applied settings to offer a truly comprehensive reference book with an international outlook The International Handbook of Language Acquisition is essential reading for graduate students and researchers in language acquisition across developmental psychology developmental neuropsychology linguistics early childhood education and communication disorders

**What the Signs Say** Shonna Trinch, Edward Snajdr, 2020-06-15 Although we may not think we notice them storefronts and their signage are meaningful and the impact they have on people is significant What the Signs Say argues that the public language of storefronts is a key component to the creation of the place known as Brooklyn New York Using a sample of more than two thousand storefronts and over a decade of ethnographic observation and interviews the study charts two very different types of local Brooklyn retail signage The unique and consistent features of many words large lettering and repetition that make up Old School signage both mark and produce an inclusive and open place In contrast the linguistic elements of New School signage such as brevity and wordplay signal not only the arrival of gentrification but also the remaking of Brooklyn as distinctive and exclusive Shonna Trinch and Edward Snajdr a sociolinguist and an anthropologist respectively show how the beliefs and ideas that people take as truths about language and its speakers are deployed in these different sign types They also present in depth ethnographic case studies that reveal how gentrification and corporate redevelopment in Brooklyn are intimately connected to public communication literacy practices the transformation of motherhood and gender roles notions of historical preservation urban planning and systems of privilege Far from peripheral or irrelevant shop signs say loud and clear that language displayed in public always matters
