**Naked City** Sharon Zukin, 2009-12-18 As cities have gentrified educated urbanites have come to prize what they regard as authentic urban life aging buildings art galleries small boutiques upscale food markets neighborhood old timers funky ethnic restaurants and old family owned shops These signify a place's authenticity in contrast to the bland standardization of the suburbs and exurbs But as Sharon Zukin shows in Naked City the rapid and pervasive demand for authenticity evident in escalating real estate prices expensive stores and closely monitored urban streetscapes has helped drive out the very people who first lent a neighborhood its authentic aura immigrants the working class and artists Zukin traces this economic and social evolution in six archetypal New York areas Williamsburg Harlem the East Village Union Square Red Hook and the city's community gardens and travels to both the city's first IKEA store and the World Trade Center site She shows that for followers of Jane Jacobs this transformation is a perversion of what was supposed to happen Indeed Naked City is a sobering update of Jacobs' legendary 1961 book The Death and Life of Great American Cities Like Jacobs Zukin looks at what gives neighborhoods a sense of place but argues that over time the emphasis on neighborhood distinctiveness has become a tool of economic elites to drive up real estate values and effectively force out the neighborhood characters that Jacobs so evocatively idealized
