**Contemporary Medical-surgical**

**Nursing** Rick Daniels, Laura John Nosek, Leslie H. Nicoll, 2006-08 Contemporary is not only the first word in the title but a key descriptor in this book's approach. The first new med surg book to enter the market in years Contemporary Medical Surgical Nursing is a new and exciting text that presents comprehensive nursing care of the medical surgical client as opposed to simply treating conditions and illnesses. Written with a focus on acute and collaborative care, this text is designed to be relevant and pragmatic in its approach by providing learner-oriented, logically organized information. It addresses key topic areas of clinical care, highlighting contemporary nursing approaches such as health care trends, health costs, and benefits, law and ethics, and cultural considerations. Contemporary Medical Surgical Nursing helps bridge the gap from nursing student to professional by providing learners with the knowledge and skills that support today's nursing practice. Available as one comprehensive book or in two volumes. *Health Promotion Throughout the Lifespan* Carole Edelman, Carol Lynn Mandle, 2006 This comprehensive text provides the most current and accurate health promotion and disease prevention information available. The book addresses health promotion for all ages and all population groups: individuals, families, and communities. It includes extensive coverage of growth and development throughout the life span with an emphasis on normal development as well as the specific problems and health promotion issues common to each stage. A complete unit is devoted to health promotion interventions. It also offers a unique assessment framework based on Gordon's Functional Health Patterns to provide consistency in presentation and an approach in line with the promotion of health. Extensive coverage of growth and development throughout all stages of the life span. A unit on specific interventions for health promotion. Addresses health promotion for all population groups: individual, family, and the community. Incorporates Case Studies that depict actual clinical situations to give students a real-life perspective. Innovative Practice examples highlight unique and creative health promotion programs. Summarizes specific clinical interventions in Health Teaching boxes to provide students with how-to nursing actions. Think About It clinical scenarios provide critical thinking questions to help readers grasp important concepts. Multicultural Awareness boxes present cultural perspectives important to care planning. Introduces significant issues, trends, and controversies in health promotion through Hot Topics boxes to engage students in critical discussion and debate about these topics. Research Highlights emphasize current research efforts and research opportunities in health promotion. A new Study Questions section with answers and rationales helps you review and assess your understanding of chapter content. Care Plans are presented in a consistent format. Nursing Diagnosis: Defining Characteristics, Related Factors, Expected Outcomes, and Interventions. Healthy People 2010 boxes highlight current national health promotion priorities. A new full-color design helps to highlight important features and content. A new companion Evolve website offers case studies with questions and answers, WebLinks, content updates, and a Glossary with search capability to enhance your learning experience. **Visions**, 2004 The Software Encyclopedia 2001, 2001 A Core Curriculum for Diabetes Education: Diabetes management therapies Marion J.
