**After Empire** Dilip Hiro, 2010-01-12 American corporations have to beg for capital from the cash rich Sovereign Wealth Funds in the Persian Gulf By invading Iraq President George W Bush grossly undermined American credibility in the international arena and irrevocably weakened Washington s diplomatic clout Together these historic shifts have provided an opportunity for the world to move from the tutelage of the sole superpower America to a multi polar global order one where America s moral economic and military leadership will be profoundly challenged What form will this world resemble What are the perils and promises of this new power order In After Empire

Dilip Hiro provides a realistic challenging and nuanced look at the emerging power politics of the coming century and considers how they are going to turn our world upside down

**Cold War in the Islamic World** Dilip Hiro, 2019-02-01 For four decades Saudi Arabia and Iran have vied for influence in the Muslim world At the heart of this ongoing Cold War between Riyadh and Tehran lie the Sunni Shia divide and the two countries intertwined histories Saudis see this as a conflict between Sunni and Shia Iran's ruling clerics view it as one between their own Islamic Republic and an illegitimate monarchy This foundational schism has played out in a geopolitical competition for dominance in the region Iran has expanded its influence in Syria Iraq and Lebanon while Saudi Arabia's hyperactive crown prince Muhammad bin Salman has intervened in Yemen isolated Qatar and destabilized Lebanon Dilip Hiro examines the toxic rivalry between the two countries tracing its roots and asking whether this Islamic Cold War is likely to end any time soon

**The Longest August** Dilip Hiro, 2015-02-24 The partitioning of British India into independent Pakistan and India in August 1947 occurred in the midst of communal holocaust with Hindus and Sikhs on one side and Muslims on the other More than 750 000 people were butchered and 12 million fled their homes primarily in caravans of bullock carts to seek refuge across the new border it was the largest exodus in history Sixty seven years later it is as if that August never ended Renowned historian and journalist Dilip Hiro provides a riveting account of the relationship between India and Pakistan tracing the landmark events that led to the division of the sub continent and the evolution of the contentious relationship between Hindus and Muslims To this day a reasonable resolution to their dispute has proved elusive and the Line of Control in Kashmir remains the most heavily fortified frontier in the world with 400 000 soldiers arrayed on either side Since partition there have been several acute crises between the neighbors including the secession of East Pakistan to form an independent Bangladesh in 1971 and the acquisition of nuclear weapons by both sides resulting in a scarcely avoided confrontation in 1999 and again in 2002 Hiro amply demonstrates the geopolitical importance of the India Pakistan conflict by chronicling their respective ties not only with America and the Soviet Union but also with China Israel and Afghanistan Hiro weaves these threads into a lucid narrative enlivened with colorful biographies of leaders vivid descriptions of wars sensational assassinations gross violations of human rights and cultural signifiers like cricket matches The Longest August is incomparable in its scope and presents the first definitive history of one of the world's longest running and most intractable conflicts

**Secrets and Lies** Dilip Hiro, 2003-12-25 The Anglo American invasion of Iraq masterminded by U S President George W Bush and UK Prime Minister Tony Blair is the single most important event since the collapse of the Soviet Union in 1991 Just as that break up ushered in a new era in international relations following the end of a bipolar world system this war has given a new twist to the present global order Secrets and Lies tells in detail how Operation Iraqi Freedom came about what it means and where it is likely to lead the Middle East and the world at large It reveals the scope of the dirty tricks used by the Anglo American alliance to sell the war through the phony intelligence reports and the

exaggeration of Saddam's possession of weapons of mass destruction. It examines the media campaign to win hearts and minds including the stage management and spin surrounding the rescue of Private Jessica Lynch. Picking up from the author's recently celebrated essay in the New York Times 'Why the Mullahs Love a Revolution', this leading authority on the Middle East provides us with his skeptical view of Operation Iraqi Freedom and his examination of the future in the Middle East. Red Jihad Sami Ahmad Khan, 2012

**Partisans of Allah** Ayesha Jalal, 2008-03-31 Drawing on historical, legal and literary sources, Jalal traces the intellectual itinerary of jihad through several centuries and across the territory connecting the Middle East with South Asia.

**Interpretations of Jihad in South Asia** Tariq Rahman, 2018-10-08 In the wake of radical Islamist terrorist attacks described as jihad worldwide and in South Asia, it is imperative that there should be a book-length study of this idea in this part of the world. The focus of the study is the idea of jihad with its changing interpretations, mostly those available in exegetical literature of key figures in South Asia. The hermeneutic devices used to understand the meaning of the Quranic verses and the Prophetic traditions relating to jihad will be the focus of this study. The main thrust of the study is to understand how interpretations of jihad vary. It is seen as being both defensive and aggressive by traditionalists, only defensive and mainly about moral improvement by progressive Muslims, and being insurrectionist, aggressive, eternal, and justifying violence against civilians by radical Islamists. One purpose of the book is to understand how the radical interpretation came to South Asia. The book also explains how theories about jihad are influenced by the political and social circumstances of the period and how these insights feed into practice, legitimizing militant movements called jihad for that period.

**The Iranian Labyrinth** Dilip Hiro, 2005-06-01 As Tehran faces a crisis in its escalating showdown with the International Atomic Energy Agency regarding its nuclear program, renowned Middle East expert Dilip Hiro clears the way through the labyrinth that defines today's Islamic Republic. In a country stereotyped as fundamentalist by America, Hiro finds a contradictory land where black chador-clad women are the majority at universities, Iranian films are shown at international festivals, and human rights lawyer Shirin Ebadi is a Nobel Peace Prize Laureate. Drawing on Iran's rich history, its vast oil and gas reserves, and its unique strategic importance, Hiro reveals a complex nation whose theocratic rulers are struggling to prove that Islamic democracy is a viable and enduring social system.

*Jihad On Two Fronts : South Asia's Unfolding Drama* Dilip Hiro, 2011-10-20 Since the partition of India in 1947, the history of the Indian subcontinent has been hostage to endless conflicts between India, Pakistan, and Afghanistan. Over the last decade and more, the region has borne the brunt of terrorist violence perpetrated by fundamentalist Islamic groups which originated and thrived in Afghanistan as a counterforce to the large presence of Soviet troops in the 1980s. Jihadists from Pakistan, assisted by the newly formed Al Qaida, have focused on liberating Kashmir from India, leading to a backlash in India. The overarching aim of jihadist organizations in South Asia is to escalate tensions between Pakistan and India, raising the prospect of nuclear conflagration between the two nations. The Line of Control in Kashmir is the most dangerous border in the world and will remain so until and unless the jihadist movement in

the region is defeated So it is imperative to understand the complicated equation involving Afghanistan Pakistan and India Jihad on Two Fronts attempts to do just that With his extraordinary understanding of the region and of all the players in the complex matrix Dilip Hiro shows how the interrelated jihadist movement in Afghanistan and Pakistan have affected India and how the scenario poses a serious threat to the more than 1.5 billion people who inhabit the region Islamism and Intelligence in South Asia Prem Mahadevan, 2018 State sponsorship of terrorism is a complex and important topic in today's international affairs and especially pertinent in the regional politics of the Middle East and South Asia where Pakistan has long been a flashpoint of Islamist politics and terrorism In Islamism and Intelligence in South Asia Prem Mahadevan demonstrates how over several decades radical Islamists sometimes with the tacit support of parts of the military establishment have weakened democratic governance in Pakistan and acquired progressively larger influence over policy making Mahadevan traces this history back to the anti colonial Deobandi movement which was born out of the post partition political atmosphere and a rediscovery of the thinking of Ibn Taymiyyah and partially ennobled the idea of jihad in South Asia as a righteous war against foreign oppression Using Pakistani media and academic sources for the bulk of its raw data and reinforcing this with scholarly analysis from Western commentators the book tracks Pakistan's trajectory towards a soft Islamic revolution Envisioned by the country's intelligence community as a solution to chronic governance failures these narratives called for a re-orientation away from South Asia and towards the Middle East In the process Pakistan has become a sanctuary for Arab jihadist groups such as Al Qaeda who had no previous ethnic or linguistic connection with South Asia Most alarmingly official discourse on terrorism has been partly silenced by the military intelligence complex The result is a slow drift towards extremism and possible legitimization of internationally proscribed terrorist organizations in Pakistan's electoral politics Bloomsbury Publishing
