Apocalips Kevin Lopez:

Apocalips Kevin Lopez, 2015-10-30 Pieces of passion called poetry He falls in and out of metaphysical love until the he makes contact with the last pair of lips **Political Realism in Apocalyptic Times** Alison McQueen, 2018 From climate change to nuclear war to the rise of demagogic populists our world is shaped by doomsday expectations In this path breaking book Alison McQueen shows why three of history s greatest political realists feared apocalyptic politics Niccol Machiavelli in the midst of Italy s vicious power struggles Thomas Hobbes during England s bloody civil war and Hans Morgenthau at the dawn of the thermonuclear age all saw the temptation to prophesy the end of days Each engaged in subtle and surprising strategies to oppose apocalypticism from using its own rhetoric to neutralize its worst effects to insisting on a clear eyed tragic acceptance of the human condition Scholarly yet accessible this book is at once an ambitious contribution to the history of political thought and a work that speaks to our times **Framing the Apocalypse** Sheila C. Bibb,Alexandra Simon-López, 2019-07-22 Different aspects of the apocalypse have been researched for centuries some from an ecclesiastical point of view others focusing on moral issues Still others have specialised in investigating the philosophical implications of the apocalypse which are relevant in all religions The idea of the ultimate victory of good over evil and the beginning of the after life either in heaven or in hell has become a cultural phenomenon which has already left its initially exclusively religious constraints With this in mind the focus here is to discover how the apocalypse s triumph can be witnessed in the arts literature music and most recently film TV and digital media thereby enabling a holistic view of what the Apocalypse means in contemporary terms What we read here is the very essence of Apocalypse as a cultural phenomenon something which reveals which uncovers and allows us to see a new aspect or dimension

Apocalyptic Grace Stephen Powell, 2011-05-20 Here is a unique exploration of the five eras or Worlds of cultural socioeconomic psychological spiritual evolution Stephen Powell a seasoned anthropologist and psychotherapist illuminates the hunter gatherer horticultural agrarian and industrial technological epochs in unexpectedly fresh and timely ways Foremost the diversity of these Worlds is still within us all World One reaching back to 50 000 BCE was a time of widely accepted shamanic assumptions World Two 10 000 to 3500 BCE developed small scale horticulture and tribal cohesion but also unprecedented social conformity World Three from about 3500 BCE experienced the global rise of caste structured hierarchies with the World Religions as cultural compensation Beginning in the 1600s World Four developed a mechanistic secularized worldview accentuated by individualism popular culture and a capitalist agenda Finally Powell describes the beginnings of a new fifth set of world assumptions a world without borders Here we may start to integrate humanitarian aspects of the preceding Worlds embracing multiculturalism without losing cultural integrity Moreover the wisdom traditions from each time appear to hold seed truths of the profound changes that mark the end time and the beginning of each World Apocalyptic Grace leads the reader on a stunning survey of this remarkable journey **Apocalypse in Australian Fiction and Film** Roslyn Weaver, 2014-01-10 Australia has been a
