Hegel and the Problem of Beginning Robb Dunphy,2023-01-17 Hegel opens the first book of his Science of Logic with
 the statement of a problem The beginning of philosophy must be either something mediated or something immediate and it is
 easy to show that it can be neither the one nor the other so either way of beginning finds its rebuttal Despite its significant
 placement exactly what Hegel means in his expression of this problem and exactly what his solution to it is remain unclear In
 this book Robb Dunphy provides a detailed engagement with Hegel s problem of beginning locating it within Hegel s account
 of significant approaches to the topic of beginning in the history of Western philosophy as well as making an extended case
 for the influence of Pyrrhonian Scepticism on the beginning of Hegel s Logic Dunphy s discussion of the various putative
 solutions that Hegel might be thought to put forward contributes to debates concerning Hegel s views on the methodology of
 logic the relation between his Logic and his Phenomenology of Spirit and differences between his Encyclopaedia presentation
