**Publish. Repeat. (The No-Luck-Required Guide to Self-Publishing Success)** Sean M Platt,Johnny B. Truant,David Wright,2014-01-02 Are you ready to start making a full time living with your stories Self publishing isn t as hard as most authors make it Write Publish Repeat was written to save you from unnecessary struggle Yes there is a lot to learn and more competition than ever before but for those storytellers who are willing to do the work then set their efforts on repeat there s never been a better time to make a living as a writer Thousands of new books are published on Amazon every single day The vast majority will never sell more than a handful of copies This is devastating for hard working authors who care about their

craft and are doing all of the things they're supposed to do if they want to make it as a successful author. But it's confusing out there with too many things to learn and not enough time to learn them. Worse, so much of the available advice comes from people who are in the business of selling advice. They're either parroting what others have said or are making guesses based on assumptions or anecdotal evidence or are using their personal yet minimal experience with a successful book or perhaps even a few to articulate loose strategies that often have an absurdly short shelf life. This book is different. *Write Publish Repeat* was written by successful authors who have been in the indie game since the very beginning. In the last ten years we've gone from zero books to a few hundred with copies sold in the millions. film and television projects in the works and hands on work with hundreds of writers like you. We've also made more mistakes than we can count. But we made them so you don't have to. This book explains how to create stories your readers will love and will want to return to again and again. It details expert methods for enhancing creativity, building worlds, characters and plots, understanding your market right down to your ideal reader using the best tools possible to capture your draft and explains proven best practices for editing. It discusses covers, titles, formatting, pricing and publishing to multiple platforms plus a bit on getting your books into print and why that might not be a good idea. But most importantly, *Write Publish Repeat* details the psychology driven marketing plan that Sean and Johnny built to shape their stories into products that readers couldn't help but be drawn into, thus almost automatically generating sales and explores ways that smart business minded writers can do the same to future proof their careers. *What Indie Authors and Thought Leaders Are Saying* Two of the best in the biz. A gem for aspiring authors. Hugh Howey For my money this is the best book on self publishing out there. David Gaughran It's tough to find more honest and straight forward marketing advice than what you'll get from these indie authors. Jane Friedman former publisher of *Writer's Digest*

**Finding Your Path to Publication** Judy Penz Sheluk, 2023-05-02 WINNER 2024 KILLER NASHVILLE SILVER FALCHION AWARD BEST NONFICTION The road to publishing is paved with good intentions and horror stories of authors who had to learn the hard way. For the emerging author, the publishing world can be overwhelming. You've written the book and you're ready to share it with the world but don't know where to start. Traditional, independent, press, hybrid, self publishing and online social platforms all are valid publishing paths. The question is which one is right for you. *Finding Your Path to Publication* is an introduction to an industry that remains a mystery to those on the outside. Learn how each publishing option works, what to expect from the process, start to finish, how to identify red flags and avoid common pitfalls. With statistics, examples and helpful resources compiled by an industry insider who's been down a few of these paths, this is your roadmap to decide which path you'd like to explore and where to begin your author journey.
