

Discuss the use of digital storytelling in the teaching and learning of language and critically report on one journal article that investigates the use of digital storytelling in the language-learning context.

## 1. Introduction

Digital storytelling combines various types of multimedia – images, music, narration, text and video clips – to make a story that is appealing and interesting to a digital reader (EDUCAUSE Learning Initiative, 2007) and is increasingly used in teaching and learning (Afifiyassan & Hastoorni, 2011). It is an invaluable educational tool in relation to language learning because it can be used in a variety of ways (Thomas & Page, 2011). Digital storytelling has the potential to influence the student audience and help them “make better meaning” from the context they are exposed to. This report will discuss the potential and limitations of digital storytelling along with some fundamental technical information. It will then focus on one journal article that investigates the use of digital storytelling in language learning contexts.

## 2. Role of Digital Storytelling

Digital storytelling is an attractive educational aid because it “captivates and engages” (Stanley & Dillingham, 2011, p. 28) learners and helps develop artistic, technical, organisational and storytelling talents in students (Oliver, 2005). It brings together language, literacy and technology and this makes it an appealing activity for students who are likely to already be surrounded by various types of digital media (Stanley & Dillingham, 2011). Digital stories are often the personal story of the writer but may also be fiction, and may be based on a single topic or spread across many. Aside from the personal narrative, digital

The following are general comments about the structure and content of an academic essay written for assessment – they are not prescriptive and intended as an educational guide only.

**Commented [D11]:** Carefully analyse the question, highlighting key words and phrases.

**Commented [D12]:** Take note of “Discuss,” which means that you are being asked to present a variety of aspects on the topic.

**Commented [D13]:** It is not necessary to write the question at the top of your essay. This is just there so that you understand what the essay is about.

**Commented [A4]:** Start with some background information to help orientate your reader “as to the subject” being discussed.

**Commented [A5]:** Support your point of view with evidence from your reading.

**Commented [A6]:** Alert the reader’s attention by giving context, relevant background information on the topic.

**Commented [A7]:** This is the thesis statement which highlights the student’s main position/line of argument in this paper.

**Commented [A8]:** This paper is written to report format. Use of numbered headings and sub-headings as well as numbered paragraphs are all appropriate for report writing.

**Commented [D14]:** Headings form sign posts and assist the reader to focus on the most important content. They should match the sub-topics in your introduction and follow a logical sequence. The lecturer was asked to have headings on his pieces of writing – to help clarify the ideas and break down the information into sections.

**Commented [D15]:** This is the start of the body of the essay – it should have a logical sequence.

**Commented [D16]:** Citation includes a page number because it refers to a direct quote.

Impact evaluation of the SHARPE Programme in Ethiopia: Academic report de Brauw, Alan, Gilligan, Daniel, Leavens, Laura, Moges, Fekadu, Roy, Shalini, Tefera, Mulugeta, 2023-04-18. The Strengthening Host and Refugee Populations in Ethiopia SHARPE programme uses a market systems development approach to promote increased self-reliance and economic opportunities for refugees and host communities through the piloting and scaling of interventions across different sectors. This approach is based upon understanding the economic barriers that refugee and host communities face and working with key stakeholders including businesses, government and service providers to improve market function for people in these regions. This report focuses on evaluating the impacts of investments SHARPE has made in the financial market system which have focused on developing markets for digital financial services in refugee hosting areas. A highlight of the evaluation are two co-developed randomized control trials designed to help SHARPE and its partners overcome constraints found while implementing the programme. The report finds evidence that robust markets for digital financial services are emerging in refugee hosting areas near Jijiga and are a little farther behind in Dollo Ado. Enrolment in the mobile money product HelloCash has been quite robust though lower among women and refugees. HelloCash users are more likely to report financial inclusion beyond inclusion through Hello Cash; they are 8.8 percentage points more likely to report being self-employed; they are 6.1 percentage points more likely to report typically having enough income and they appear less food insecure than non-users. To try to enrol more women and refugees and catalyse HelloCash use among those groups, we conducted two randomized trials: one which allowed high volume customers to refer customers and receive a small bonus for doing so and one which provided inactive customers with small incentives to start using the system. The former trial led to increased enrolment but the share of women and refugees enrolling did not change; the latter led to increased use among women but not refugees. We conclude with some ideas about further experiments to catalyse more use among refugees.

**IGNOU BCA System Analysis and Design Previous Year Solved Papers MCS 014** Manish Soni, 2024-11-13. System Analysis and Design is a cornerstone in the field of information systems, serving as the blueprint for building reliable, efficient, and scalable software solutions. As organizations increasingly adopt complex systems to streamline their operations, the need for professionals proficient in analyzing requirements and designing structured solutions has become more crucial than ever. The Indira Gandhi National Open University (IGNOU) has recognized the significance of this domain by incorporating it as a

core subject in the BCA curriculum enabling students to gain both theoretical insight and practical competence. In alignment with this academic vision we present IGNOU BCA System Analysis and Design Previous Year Solved Papers MCS 014 a comprehensive collection of solved question papers designed to assist students in mastering this essential subject. This book aims to offer a valuable resource for exam preparation by enabling learners to practice with real past papers. Solving previous years papers allows students to familiarize themselves with the exam pattern question types and difficulty levels while also encouraging them to apply theoretical concepts to practical scenarios. Each solution in this book has been crafted with clarity and accuracy to support students in enhancing their understanding and analytical abilities. Covering critical areas such as the System Development Life Cycle SDLC requirement gathering system modeling design methodologies implementation strategies and system maintenance this book ensures thorough syllabus coverage. It not only prepares students for their exams but also builds a solid foundation for future roles in software development and IT project management. We sincerely thank the students educators and contributors who helped shape this volume with their invaluable insights and feedback. We hope this book will serve as a trusted guide in your academic journey and a stepping stone to a successful career in system analysis and design.
