**The Cambridge Handbook of Methods in Conversation Analysis** Jeffrey D. Robinson, Rebecca Clift, Robin H. Kendrick, Chase Wesley Raymond, 2024-12-05 Conversation Analysis CA is one of the predominant methods for the detailed study of human social interaction Bringing together thirty four chapters written by a team of world renowned experts this Handbook represents the first comprehensive overview of conversation analytic methods Topics include how to collect manage and transcribe data how to explore data in search of possible phenomena how to form and develop collections of phenomena how to use different types of evidence to analyze data how to code and quantify interaction and how to apply publish and communicate findings to those who stand to benefit from them Each method is introduced clearly and systematically and examples of CA in different languages and cultures are included to show how it can be applied in multiple settings Comprehensive yet accessible it is essential reading for researchers and advanced students in disciplines such as Linguistics Sociology Anthropology Communication and Psychology     [Corpus Linguistics for Virtual Workplace Discourse](#) Dawn Knight, Anne O'Keeffe, Christopher Fitzgerald, Justin McNamara, Geraldine Mark, Sandrine Peraldi, Tania Fahey Palma, Fiona Farr, Benjamin Cowan, Svenja Adolphs, 2024-12-19 Corpus Linguistics for Virtual Workplace Discourse provides a thorough and practical step by step guide to constructing and analysing a multi modal corpus of virtual meetings It draws from original data from video recordings of virtual meetings with a variety of participant profiles from various industries alongside examples of images and transcriptions from this data to illustrate key points This cutting edge volume contextualises the field through previous corpus studies of interaction in a workplace context as well as a description of various technology mediated interactions culminating in video mediated interaction before outlining the cross section of these two areas in describing the characteristics of virtual meetings An overview of multi modal corpus analysis provides examples and analysis of virtual meetings from a multi modal perspective demonstrating what is unique about virtual workplace discourse The text concludes by presenting how multi modal corpus analysis can aid understanding and delivery of virtual meetings through suggestions regarding meeting management At various stages throughout the book readers will engage with tasks that promote critical thinking at each phase of background research and data analysis This will ensure that practical learning outcomes are achieved as well as broad insights gained into multi modal corpus analysis of virtual meetings This timely prescient text is essential reading to students and researchers in corpus linguistics and any applied linguistics scholar interested in workplace communication as well as valuable reading for any students or scholars in business communication     [Exploring Language and Society with Big Data](#) Minna Korhonen, Haidee Kotze, Jukka Tyrkkö, 2023-11-15 As the legislative bodies of democratic nations parliaments play a fundamental role in society Consequently the linguistic practices observed in parliamentary discourse are of importance to everyone This volume brings together leading researchers in areas of corpus linguistics big data parliamentary discourse and historical linguistics in a

truly interdisciplinary exploration at the vanguard of big data and corpus methods with the aim to investigate the intersection between linguistic and social change Making use of both quantitative and qualitative methods the studies included in this volume range from a focus on explicitly linguistic phenomena to topics that contribute to our understanding of language and society more generally It breaks new ground in its critical reflection on the conceptual and methodological challenges of using large corpora of parliamentary discourse to study both the specialised language of parliamentary speech and the societies that the parliaments in question represent and govern

**Making Way in Corpus-based Interpreting Studies** Mariachiara Russo, Claudio Bendazzoli, Bart Defrancq, 2017-10-24 This book presents a collection of state of the art work in corpus based interpreting studies highlighting international research on the properties of interpreted speech based on naturalistic interpreting data Interpreting research has long been hampered by the lack of naturalistic data that would allow researchers to make empirically valid generalizations about interpreting The researchers who present their work here have played a pioneering role in the compilation of interpreting data and in the exploitation of that data The collection focuses on both of these aspects including a detailed overview of interpreting corpora a collective paper on the way forward in corpus compilation and several studies on interpreted speech in diverse language pairs and interpreter mediated settings based on existing corpora

**A Grammar of Papapana** Ellen Smith-Dennis, 2021-01-18 This monograph is not only the first comprehensive grammar of Papapana a previously undocumented and under described endangered language but the first full reference grammar of any Oceanic language of Bougainville Papua New Guinea despite this region displaying considerable linguistic innovation and language contact phenomena with numerous typologically significant features This book describes Papapana on various levels including phonology morphology and syntax in noun phrases and the verb complex and syntax at the clause and sentence level Throughout the grammar the described phenomena are related to the current research on typological and Oceanic linguistics Typologically unusual features of Papapana include multiple reduplication inverse number marking in the noun phrase and postverbal subject indexing The book also describes the sociolinguistic and historical context within which Papapana is spoken and highlights linguistic changes resulting from language contact The monograph fills an important gap in terms of grammatical descriptions of Bougainville Oceanic languages and makes a significant contribution to the field of Oceanic linguistics and to future comparative linguistic and typological research
