## All In Changing Hearts 2:

**Changing Hearts** Raphaële Garrod, Yasmin Haskell, 2019-01-21 This volume of essays contributes to our understanding of the ways in which the Jesuits employed emotions to change hearts that is convert or reform both in Europe and in the overseas missions. The early modern Society of Jesus excited and channeled emotion through sacred oratory Latin poetry plays operas art and architecture it inflamed young men with holy desire to die for their faith in foreign lands its missionaries initiated dialogue with and accommodated to non European cultural and emotional regimes. The early modern Jesuits conducted in all senses of the word much of the emotional energy of their times. As such they provide a compelling focus for research into the links between rhetoric and emotion performance and devotion from the sixteenth through eighteenth centuries.

*Changing Hearts Changing Communities* Karl Brettig, 2023-08-16 We live in a world of changing hearts and changing communities. Spiralling family violence and child abuse and neglect often related to intergenerational trauma are severely impacting many communities. On an international level threats from nuclear war climate change and artificial general intelligence in the hands of autocratic dictators present disturbing challenges to our future. If we want to see change in families communities and nations it needs to begin in the motivational centre of our being. The scourge of insatiable approval seeking alienation from the Creator intergenerational trauma and the debilitating effects of a broken heart and spirit simmers within us. How can we experience change? We need to identify what needs to change in what is motivating us and discover how we can be empowered to change deeply entrenched habits. As well as a change in the thought patterns of our minds we need to experience a pervasive pivot in our attitudes. This publication draws from arguably the most significant change movement in history exploring how we can discover the power to change and contribute toward transforming broken communities in an uncertain world of accelerating change.

**Studies in the Acts of the Apostles** Rick Strelan, 2020-03-12 This collection of essays is indicative of the years of research that the author has devoted to the Acts of the Apostles. In a very easy style some of the intriguing episodes in Acts are understood through the lens of ancient literature and the worldview that is reflected in it. The intention is to try and read them as an early Christian might have heard them even if from a modern perspective that reading appears quite strange. It is hoped that the modern reader might be intrigued and even inspired to read Acts again and so to explore its strange events and people even more deeply. More broadly such an exploration might lead to an appreciation that all writings that many Christians now hold as inspired and authoritative are deeply embedded in an ancient cultural context.

**Colossians and Philemon** Alan J. Thompson, 2022-07-05 In this Tyndale commentary on the books of Colossians and Philemon Alan Thompson shows how these books unpack and apply the beauty of the gospel of God's grace pointing to the hope we have in Christ's supremacy and the difference that the gospel makes in the delicate context of Onesimus's departure from Philemon.
