Exploring the Dimensions of Human Sexuality Greenberg, Clint E. Bruess, Sara B. Oswalt, 2016-02-19 Fully revised and updated with the latest data in the field the Sixth Edition of Exploring the Dimensions of Human Sexuality represents all aspects of human sexuality and explores how it affects personality development and decision making Using a student friendly interpersonal approach the text discusses contemporary concepts as well as controversial topics in a sensitive manner and covers the physiological biological psychological spiritual and cultural dimensions of human sexuality Exploring the Dimensions of Human Sexuality is an essential text for teaching sexuality and presents an integrated view of human sexuality that encourages students to pursue positive decisions sexual health and a lifetime of wellness *Imagine That!!* Ross R. Olney, 2015-07-07 The time is coming when we will all have the power to order cancer or any other life threatening disease to just go away and it will go away In this book Ortho discusses it and remarks about how backward we here today are We can t even order cancer away But then his buddy Dontist points out that cavemen were even worse off and had to worry about becoming lunch for some creature outside the cave The Music Man with one of the most famous and endearing scams might turn out to be prophetic according to many experts Professor Harold Hill thought he was using a great con but in the mind of brilliant writer composer Meredith Willson he was just doing what in our own near future would work just fine Hill s think system is now accepted by many experts and you can use this to better your own life You can be a winner all you must do is believe you are going to win That may not be easy but once you learn you can win every time *Social Deviance* Tim Delaney, 2017-06-16 The topic of social deviance is inherently intriguing People in general and college students in particular find the topic of deviant behavior fascinating This can be explained at least in part by a combination of the subject matter itself our own past deviant behaviors and our willingness and desire to evaluate and comment on the behaviors of others While the topic of deviant behavior seems straightforward at the surface the study of social deviance reveals how complicated it really is Although Social Deviance utilizes a textbook style approach in its coverage of deviant behavior this comprehensive straightforward and student friendly book maintains student interest because of the author s use of real life phenomena and current examples Each chapter includes chapter objectives an introductory story a glossary of key terms discussion questions and boxed material The boxed materials include A Closer Look box that zooms in on topics that warrant deeper explanation and a Connecting Social Deviance and Popular Culture box that shows how contemporary forms of popular culture illustrate deviant behavior *Being Transgender* Dana Jennett Bevan Ph.D., 2016-11-14 Written for general audiences this unprecedented book comprehensively answers many questions about being transgender with current experiential and scientific information including the evidence for a biological transgender predisposition With transgender people visibly achieving fame in entertainment the literary world and other arenas increasing numbers of transgender people

are choosing to publicly announce that they are transgender All of this has brought transgender people and the associated issues of being transgender into mainstream discourse The demand for fact based scientific information on being transgender has never been higher Written by a transgender person who is also a physiological psychologist this book is the first for general readers that explains what is known about transgender causation what life as a transgendered individual is like and the science involved in living a transgender life This book serves to improve understanding of being transgender among general audiences including transgender readers by describing the science and experience of being transgender It supplies an enlightening understanding of what it feels like to be transgender when it starts the many paths for living a transgender life and methods to face challenges such as bullying and rejection It provides a worldview that transgender people are neither broken nor diseased but rather that they exhibit transgender behavior because of a biological predisposition for which there is solid scientific evidence
