Metanoia Adam Ellwanger, 2020-02-25 Western culture is in a moment when wholly new kinds of personal transformations are possible but authentic transformation requires both personal testimony and public recognition In this book Adam Ellwanger takes a distinctly rhetorical approach to analyzing how the personal and the public relate to an individual's transformation and develops a new vocabulary that enables a critical assessment of the concept of authenticity The concept of metanoia is central to this project Charting the

history of metanoia from its original use in the classical tradition to its adoption by early Christians as a term for religious conversion Ellwanger shows that metanoia involves a change within a person that results in a truer version of him or herself a change in character or ethos He then applies this theory to our contemporary moment finding that metanoia provides unique insight into modern forms of self transformation Drawing on ancient and medieval sources including Thucydides Plato Paul the Apostle and Augustine as well as contemporary discourses of self transformation such as the public testimonies of Caitlyn Jenner and Rachel Dolezal Ellwanger elucidates the role of language in signifying and authenticating identity Timely and original Ellwanger s study formulates a transhistorical theory of personal transformation that will be of interest to scholars working in social theory philosophy rhetoric and the history of Christianity *From Z to A-Lister* Jen Su,2015-10-25 Jen Su was told that she would never make it as a Chinese American in the South African broadcasting industry Today this TV and radio presenter is one of the most celebrated personalities on the social landscape with an incredibly strong personal brand built on reputation trust strength of character and social networking *From Z to A Lister How To Build Your Personal Brand* is an essential guide to developing and cultivating your unique persona by playing on your strengths and singular qualities Jen Su takes you through the South African social scene and shares the secrets that saw her go from Z to A in six different countries around the world Her tips on Asian graces social networking and finding the style that is best for you mixed in with anecdotes of the twists and turns in her personal life will be an inspiration to anyone who is aspiring to build and cultivate their personal brand and reputation **Who is a True Christian?** David W.
