

Investment Banking Interview Guide – Quick Start Reference Guide

Let's be honest: sometimes we all procrastinate or get busy and end up with no time left to prepare for interviews. The problem, though, is that most interview guides ignore this and don't account for the fact that you might have 4 hours, 4 days, or 4 weeks to prepare for your interview.

So we're going to fix that here and present several options for preparing with this guide depending on how much time you have available.

These options are extremely important with this guide because there are literally 1,000+ pages of material here altogether – and you cannot possibly go through all of it if your interview is hours or even days away.

We're going to cover 3 different possibilities here:

- The 4-Hour Interview Prep System – For truly urgent needs.
- The 2-Day Interview Prep System – Pressing, but not quite "urgent."
- The Week-Long+ Interview Prep System – Take your time and prepare in-depth.

Option 1: The 4-Hour Interview Prep System

If you only have a matter of hours to prepare, here's how to divide your time and conquer your interviews:

Hour 1: Go through the "Telling Your Story" overview video and pick the single most relevant of the 15 templates we provide, and fill in the details based on your resume.

Take 30 minutes and figure out what your Beginning, Spark, Growing Interest, Why You're Here Today, and Future points will be.

Hour 2: Now go through your resume and pick 2-3 key experiences that you can use to answer "fit" questions about your teamwork and leadership skills, strengths and weaknesses, and so on.

Breaking Into Wall Street Guide:

[The Warren Fox Group's Guide to Investment Banking](#) Gerald Ross, 2025-02-14 The Warren Fox Group's Guide to Investment Banking is a step by step instruction manual for young professionals to leverage as they begin their careers on Wall Street. The goal of this book is to provide an exact blue print on best practices from breaking into the industry to executing client mandates and closing deals. This book is unique as it is not an academic text written about the underpinnings of valuation theory. Rather it is a practitioner's guide written by Investment Bankers for Investment Bankers. The text pinpoints the daily procedures that one should expect throughout the lifecycle of an Investment Banker. Finishing this book gives the reader a better perspective on how Investment Bankers see the world, how they conduct interviews, how they prioritize their day, how they win client mandates, how they manage capital markets processes, how they pitch investors, how they close deals, and how they get paid. About the book: Gerald Ross is a trusted contributor to The Warren Fox Group. The Warren Fox Group is a consortium of Investment Banking professionals that have created a media and education platform dedicated to breaking down the barriers of Wall Street. The Warren Fox Group posits that the financial community is built wholly on trust but for some reason Wall Street is shrouded in mystery. The vast majority of people have no formal financial education and know very little of what actually goes on in our nation's financial institutions. The finance community is highly selective, prestigious, and far from inclusive, which only adds to the general public's suspicion of Wall Street. The mission is to educate the next generation of Wall Street professionals through our various forms of media and to inspire a passion for helping clients achieve their goals in the capital markets.
