

## **ABORTION**

### **I. Introduction**

*Our world today is full of unsolved, decisive and controversial issues. Most of them relate to our morals, ethics, and religion, thus creating a very strong yes or no, or good and bad side. One of these issues include – abortion. Abortion is the ending of a pregnancy by removal or expulsion of an embryo or fetus before it can survive outside the uterus, sometimes it is called "termination of pregnancy." To impart information, abortion techniques were developed as early as 1550 BC, when the Egyptian medical text Ebers Papyrus suggested that the vaginal insertion of plant fiber covered with honey and crushed dates could induce an abortion. Abortion was an accepted practice in ancient Greece and Rome as the Greek philosopher Aristotle wrote that "when couples have children in excess, let abortion be obtained before sense and life have begun." Throughout much of Western history, abortion was not considered a criminal act as long as it was performed before the first detectable movement of the fetus, which can occur between 13-25 weeks of pregnancy. Until at least the early-1800s, abortion procedures and methods were legal and openly advertised throughout the United States and other neighboring places, however, for over a century, abortion has been criminalized in the Philippines. The criminal provisions on abortion do not contain any exceptions allowing abortion, including to save the life of the pregnant woman or to protect her health. Abortion was criminalized through the Penal Code of 1870 under Spanish colonial rule, and the criminal provisions were incorporated into the Revised Penal Code passed in 1930 under U.S. occupation of the Philippines. Like the Chinese yin and yang sign, abortion has a very prominent black and white side but also contains traces of each in the alternating color. This shows that if you were to come to any kind of conclusion on abortion, there would be a downside to it, and that is primarily why the world cannot agree on this sensitive and emotional issue. But looking at the pessimistic side, we consider that abortion violates the human rights of the child, defies the Word of God, and affects the health of the mother.*

### **II. Counter Argument**

*Abortion should be part of a country's contraception policy. People should plan their families & society must allow women to end unwanted pregnancies, in order to deal with failures of birth control. In accordance with this, abortion should be legal but discouraged. Legal simply because it is a choice, and what grows inside your body is yours. Also, keeping it illegal doesn't stop it from happening. It only means women are forced to undergo unsafe and fatal procedures. As a result of the criminal abortion law and the*
