Investing into Bitcoin, Ethereum, and Litecoin. Welcome to Cryptocurrency. *Ultimate Beginner's Guide on Mining, Investing, and Trading in Blockchain*. Investing into Bitcoin, Ethereum, and Litecoin. A self-help book to break into the wide world of Cryptocurrency. Cryptocurrency is the new craze right now, and unless you have something to do with software development, the entire market can seem like a jumbled mess. This book is here to tell you what this Cryptocurrency is in a basic sense, how it works, the tools for the trade, and help you with deciding if the whole venture is even worth it. In the first chapter, we go over what Cryptocurrency is and we start at the very beginning. In this chapter, we'll go over what encryption works and where it started. The previous problem with past currencies: Why the term Altcoin exists and why it's important. In the second chapter, we go over the massive structure that is cryptocurrency mining and how to do it. In this section, we go over the hardware that's used from when this venture started to the high-end technology that's used right now, the general method of how the average person mines the coins, and an easy way to get started along with determining if the cost is worth profit and some side consequences that have occurred because of this industry. In the remaining chapters, we go over several different points such as: How trading Cryptocurrency is very similar to trading on the stock market. Where this industry has the opportunity to go if given the chance and provided it can overcome some legal hurdles. Where you can begin your journey in trading Cryptocurrencies. Some advice on whether the investment into this industry is truly worth it because not everyone will reap the same profits. This book tries to keep things simple so that everyone can understand some of the more complex technical scenes involved with cryptocurrency as it's not very intuitive at first. Cryptocurrency has the opportunity to shake up many old industries and revolutionize the way we perform business in many sectors, and this book is here to tell you how it works along with some insights into possible problems.
