unarmed combat known as Jeet Kune Do Remember it's not how much you absorb but how much of what you've absorbed that you can apply alive that counts      *Jeet Kune Do* Teri Tom, 2012-03-13 Apply the combat science of Bruce Lee's revolutionary martial art This martial arts manual describes his research into the how and why of Jeet Kune Do techniques Bruce Lee wrote of three stages of cultivation that lie along the path to JKD mastery The Stage of Innocence this is the level of the absolute beginner The Stage of Art the student is immersed in the process of technical and physical training The Stage of Artlessness the stage of highest art in which the body is no longer hindered by the mind As Bruce Lee would say It hits all by itself To reach the final stage the student must progress methodically through the Stage of Art there are no shortcuts Author Teri Tom guides you on this journey by revealing the science behind the moves in Jeet Kune Do repertoire You'll learn how to protect yourself from injury and maximize the effectiveness of the following core techniques and their variations Straight Lead Rear Cross Hook Uppercut Straight Kick Hook Kick Side Kick and Spinning Back Kick You'll also learn about Bruce Lee's revolutionary approach to combat that takes advantage of human biomechanics How to evade attacks and use those evasive movements to launch counter attacks Natural ways to chain your moves into seamless combinations The importance of developing mental and physical speed footwork cadence good timing and judgment of distance All techniques are traced to the original sources that inspired Bruce Lee      **Essential Jeet Kune Do** Tim Tackett, 2019-06-10 This book will serve way to decide what will work the best for you and what aspects of JKD you need to keep as well as throw away I feel that it would be impossible to learn this from your instructor as he will mainly focus on what works best for him I have been fortunate to have learned from many of the senior students of Bruce Lee and have noticed that they all focus on certain things and not on what some the others are doing For some it may be the boxing aspects For some it may be footwork For others it was trapping energy and the Wing Chun elements It was only when we started focusing on the Western fencing aspects of JKD that I was able to understand and focus on what has become my essence of JKD Of course an instructor cannot just hand you what will become your essence or foundation of your own JKD This is something that you must discover for yourself as you work to become more a more efficient JKD practitioner The purpose of this book is too show you most of what we teach in my garage and the basic principles behind each Once you have worked on these you will come to realize what will work for you and what will not Some of you will want to focus on distance and footwork Others will feel comfortable crashing the line Whatever works for you is the main thing Just use the book as guideline to discover your own essential JKD
