What if I told you that with the right methods, guidance and

mentorship it's a lot easier than you think. For many years I was in your shoes believing that I would never be able to learn Arabic and that the language was simply above my capabilities. Then I discovered a three stage approach that allowed me to learn Arabic in as little as 12 months. Is that it? Yes. Because as humans we have a tendency for overcomplicating things the truth is that we can learn any language and achieve 95 percent fluency with just 2,500 words.
