Written by an inimitable new voice, *The Age of Calamities* is a genre-defying, mind-bending collection of absurdist, funny, and speculative short stories. In this bold debut collection, Senaa Ahmad pushes the boundaries of history and its figures, sending

the reader on a thrilling ride In Let's Play Dead Henry VIII wants Anne Boleyn gone but there's a tiny problem she keeps coming back to life no matter what he does Choose Your Own Apocalypse hurls readers back to 1945 where they assume the role of a technician for the Manhattan Project confronted with labyrinthine paths and harrowing outcomes And Inside the House of the Historian invites us to a dinner party turned murder mystery full of figures like Nefertiti Queen Victoria John Adams and Marilyn Monroe These stories and others entice readers to confront the past the present and themselves all at once Zany and haunting inviting and brilliant each poignant tale delves into the surreal and tragicomic nature of the present through the lens of yesterday The Age of Calamities is an evocation of life and death on history's unsteady margins of how to reckon with the blunt force trauma of ill fated times Fiercely clever and wildly inventive this debut establishes Senaa Ahmad as a literary force

Lectures on the Tabernacle Samuel Ridout,2015-04-20 Publisher s

Introductory Back in the eighteen and early nineteen hundreds there were a group of men known as the Plymouth Brethren

These men had many writings and many of them were taken from Lectures given in many areas and at different times during

this era Some were given in different languages and then translated into English I have taken many of these writings and

messages and formatted them so they could be read on tablets and phones In other words they are in epub and mobi formats

I have set up indexes with headers and have enabled text to speech I then run them through a checker to make sure the

ebook format is without errors In doing this I have produced a high quality product for a very low price These are not just

scanning of old writings but have been completely redone by hand I started doing this for my own private use I found there

were others who wanted them also so after praying about it and contacting publishers who already got permission to use all

these writings and lectures I too got permission via email which I have on file I now have over 230 of these writings in ebook

format on Amazon for the Kindle and on Google play for the Android OS Hopefully this number will keep increasing as time

goes on Introductory Note The following pages are an endeavor to set forth with some degree of fulness the typical teachings

of the Tabernacle They embody therefore not only what it is hoped will be suggestive for more advanced students but the

elements familiar to many which are needed to give anything like a complete survey Being in lecture form there is more or

less of the colloquial style which it is hoped will make the book more easily read The writer makes no apology for what may

be called the devotional tone how can we fail to be stirred with such a theme Setting forth as it does the person and work of

our Lord Jesus Christ the Tabernacle occupies typically the centre of all doctrinal truth as it did literally the centre of Israel's

camp It is necessary therefore that in anything like a full examination of its meaning there should be a full discussion of those

great doctrines which it typifies This will explain the good measure of detail in the treatment of those doctrines In days when

they are being so largely denied this is surely not out of place Thanks are due to Mr John Bloore for his excellent illustrations

of the tabernacle and its furniture made especially for this work and in which great care has been taken to follow the exact

text of Scripture Omitted from this digital edition it is hope that links will be made to good quality sketches That the Lord will

bless this effort to set forth the glories of His beloved Son is the prayer of the writer **The Idea of God in the Light of**
