### **Guide to Information Sources in the Botanical Sciences** Elisabeth B. Davis, Diane Schmidt, 1995-12-15

Works cited in this useful survey are appropriate for students, librarians and amateur and professional botanists. These encompass the plant kingdom in all its divisions and aspects except those of agriculture, horticulture and gardening. The majority of the annotations are for currently available in print or electronic reference works. A comprehensive author title and a separate subject index make locating specific entries simple. With materials ranging from those selected for the informed layperson to those for the specialist this new edition reflects the momentous transition from print to electronic information resources. It is an appropriate purchase for public, college, university and professional libraries.
