A Preface To Politics:

Preface to Politics Walter Lippmann, 2020-12-22 The most incisive comment on politics to day is indifference When men and women begin to feel that elections and legislatures do not matter very much that politics is a rather distant and unimportant exercise the reformer might as well put to himself a few searching doubts Indifference is a criticism that cuts beneath oppositions and wranglings by calling the political method itself into question Leaders in public affairs recognize this They know that no attack is so disastrous as silence that no invective is so blasting as the wise and indulgent smile of the people who do not care I have put forward a preliminary sketch for a theory of politics a preface to thinking Like all speculation about human affairs it is the result of a grapple with problems as they appear in the experience of one man For though a personal vision may at times assume an eloquent and universal language it is well never to forget that all philosophies are the language of particular men

A Preface to Politics Walter Lippmann, 2010-12-15 Walter Lippmann 23 September 1889 14 December 1974 was an American intellectual writer reporter and political commentator who gained notoriety for the introduction of the concept of Cold War for the first time in the world Lippmann was twice awarded 1958 and 1962 a Pulitzer Prize for his syndicated newspaper column *Today and Tomorrow* He wrote *SA Preface to Politics* in 1913 Amazingly his views are still extremely relevant almost 100 years later Here is an excerpt from the book *S* The issue of good and bad men interests this nation to the exclusion of almost all others But experience shows I believe that it is a fruitless conflict and a wasting enthusiasm Yet some distinction must be drawn if we are to act at all in politics With nothing we are for and nothing to oppose we are merely neutral This cleavage in public affairs is the most important choice we are called upon to make In large measure it determines the rest of our thinking Now some issues are fertile some are not Some lead to spacious results others are blind alleys With this in mind I wish to suggest that the distinction most worth emphasizing to day is between those who regard government as a routine to be administered and those who regard it as a problem to be solved

Preface to Politics (Classic Reprint) Walter Lippmann,2017-12 Excerpt from A Preface to Politics To prepare a point of view

In selecting for the title *A Preface to Politics* I have wished to stamp upon the whole book my own sense that it is a beginning and not a conclusion I have wished to emphasize that there is nothing in this book which can be drafted into a legislative proposal and presented to the legislature the day after tomorrow It was not written with the notion that these pages would contain an adequate exposition of modern political method Much less was it written to further a concrete program There are I hope no assumptions put forward as dogmas About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *A Preface to Politics* Walter
