## **A Project Management Primer:**

The Everyday Project Manager Jeremy Nicholls, 2020-09-29 The best organizations and even the best departments within organizations have a roadmap a clear vision of where they would like to be and the means by which they will get there This roadmap drives the everyday activity of the company as well as any change it makes both internally and externally And it is what drives projects In fact it is arguable that success in business is almost wholly reliant on an ability to implement change effectively whether it is a computer system that gives you the edge on your competitor bringing a new product to market adopting new ways of working or completely redefining the approach your company takes Success and survival in business relies on change and the way that business implements change is through projects Therefore if you work in the world of business sooner or later the chances are that you will be involved in a project as a stakeholder advisor sponsor or possibly running it as the project manager In The Everyday Project Manager author and project management expert Jeremy Nicholls shares the key attributes and skills of successful project management and describes the practical skills that will enhance project delivery regardless of your level of experience The skills and concepts detailed in this book can be easily understood and implemented They are everyday that is commonplace skills but they are skills and the concepts that the best project managers use every day Each chapter details the concepts practices and tools that readers will use to build their proficiency in every phase of delivering a project efficiently and effectively *Pocket Project Management Primer* Martin
