approach that will appeal to a broad audience of readers. Introductions establishes the game metaphor that sustains the chapter and weaves throughout the book. Conclusions leaves the reader with upbeat and practical suggestions for effective science teaching. Author Biographies highlight the distinguished record of achievement of each contributor. Additional Resources at the end of each chapter provide suggestions of useful readings, websites and other instructional instruments. Reflection questions intended to provoke the reader to apply the ideas and concepts unearthed in the chapter to his or her own unique vantage or condition as an educator. The research base of this proposal is a 10 on a scale of 1-10. I'm impressed with the style and theme of the essays my students would learn a great deal regarding the practical application of science education. Professor David R. Wetzel, Bloomsburg University. I very much like the use of the analogy of a Game used by the authors. The text is VERY readable. Professor Molly Weinburgh, Georgia State University. The writing style and use of the game metaphor will undoubtedly grab undergraduate alternate entry and graduate student interest. Professor Warren J. DiBiase, EdD, University of North Carolina Charlotte. Author Bio: A decorated veteran of high school science teaching, Jeff now researches effective science teaching and learning testing innovations on his students at Northern Iowa. New writing icons throughout the chapters point to writing examples. Thoroughly revised Chapter 7 Reading to Learn. New information for all of the content areas in every chapter is represented in the examples lessons vignettes and scenarios making it easier for students enrolled from different discipline areas to locate content specific relevant examples. Ringing Endorsements for Content Area Reading and Literacy Fourth Edition Chapter 14 Teaching for Diversity. This is an excellent chapter that certification students and other graduate students can use to understand more about the types of diversity categories that are present in instructional settings. This textbook is excellent for students. Lavernia F Hutchison University of Houston Central Campus. There are many strengths in this text. I particularly like the way it is laid out. I believe that helping the students to see the importance of content literacy from the very beginning is extremely important. Immediately following this topic the students then move directly into diversity which includes the understanding the meaning of language and culture. Both of these topics form the basis for the rest of the course. Overall I believe that this book is an excellent text for teaching in the Content Area. Randy M Wood Baylor University. The strengths of this text include the authors in depth knowledge of the field of content area reading. Their chapter on assessing textbooks is invaluable for secondary teachers who don't understand the difficulty of some textbooks and the problems these texts can cause students. The chapter on multiculturalism and the ESL learner is a strength. The chapter on vocabulary is outstanding. Patricia J Pollifrone Gannon University.
