more global His reflections on Jewish Latin America have won him the nickname pathfinder This incomparable volume showcases Stavans s most insightful and provocative and at times controversial observations on transnational Jewish culture and literature Stavans explores the problems and prospects of representing Jewish experiences through such media as Holocaust memoirs and Jewish museums astutely comments on well known intellectual figures including Lionel Trilling Isaac Babel Primo Levi Harold Bloom and Walter Benjamin engages in memorable conversations with Norman Manea Joseph Brodsky and Ariel Dorfman and offers compelling glimpses of revelatory moments in his own life     *Casting*

*Might-Have-Beens* Eila Mell, 2015-01-24 Some acting careers are made by one great role and some fall into obscurity when one is declined Would Al Pacino be the star he is today if Robert Redford had accepted the role of Michael Corleone in *The Godfather* Imagine Tom Hanks rejecting Uma Thurman saying that she acted like someone in a high school play when she auditioned to play opposite him in *The Bonfire of the Vanities* Picture Danny Thomas as *The Godfather* or Marilyn Monroe as Cleopatra This reference work lists hundreds of such stories actors who didn t get cast or who turned down certain parts Each entry organized alphabetically by film title gives the character and actor cast a list of other actors considered for that role and the details of the casting decision Information is drawn from extensive research and interviews From *About Last Night* which John Belushi turned down at his brother s urging to *Zulu* in which Michael Caine was not cast because he didn t look Cockney enough this book lets you imagine how different your favorite films could have been     Human Sciences and

Human Interests Mikael Klintman, 2016-08-05 Within the disciplines of social economic and evolutionary science a proud ignorance can often be found of the other areas approaches This text provides a novel intellectual basis for breaking this trend Certainly *Human Sciences and Human Interests* aspires to open a broad debate about what scholars in the different human sciences assume imply or explicitly claim with regard to human interests Mikael Klintman draws the reader to the core of human sciences how they conceive human interests as well as how interests embedded within each discipline relate to its claims and recommendations Moreover by comparing theories as well as concrete examples of research on health and environment through the lenses of social economic and evolutionary sciences Klintman outlines an integrative framework for how human interests could be better analysed across all human sciences This fast paced and modern contribution to the field is a necessary tool for developing any human scientist s ability to address multidimensional problems within a rapidly changing society Avoiding dogmatic reasoning this interdisciplinary text offers new insights and will be especially relevant to scholars and advanced students within the aforementioned disciplines as well as those within the fields of social work social policy political science and other neighbouring disciplines     *Writer's Guide to Book Editors, Publishers, and Literary*
