Troubled Pleasures E. M. Beekman, 1996 This is the first comprehensive examination of Dutch colonial literature in English From the journals and travelogues produced by the early mariners to the fictional recollections of repatriated colonials after the Second World War E M Beekman s unique and magisterial survey of this major colonial literature places literary figures within specific epochs provides biographical portraits and examines works in relation not only to their own genres but also to the literatures and cultures beyond their colonial borders Written by the leading authority in the field this fascinating and wide ranging study is enhanced by a consideration of the general political history of European expansion and of the Dutch East Indies

Embedding Agricultural Commodities Willem van Schendel, 2016-06-17 Over the past 500 years westerners have turned into avid consumers of colonial products and various production systems in the Americas Africa and Asia have adapted to serve the new markets that opened up in the wake of the European encounter The effects of these transformations for the long term development of these societies are fiercely contested How can we use historical source material to pinpoint this social change This volume presents six different examples from countries in which commodities were embedded in existing production systems tobacco coffee sugar and indigo in Indonesia India and Cuba to shed light on this key process in human history To demonstrate the effectiveness of using different types of source material each contributor presents a micro study based on a different type of historical source a diary a petition a mail report a review a scientific study and a survey As a result the volume offers insights into how historians use their source material to construct narratives about the past and offers introductions to trajectories of agricultural commodity production as well as much new information about the social struggles surrounding them

A Life-Long Passion Paul van de Velde, 2021-11-01 Anyone who is not astonished at Professor Veth s knowledge knows nothing about knowledge Thus spoke Multatuli one of the most important anti colonial writers Max Havelaar of modern Dutch history P J Veth was the man who discovered Multatuli and he himself was a remarkable pamphleteer With his great knowledge of the Dutch Indies Veth played an influential role in shaping the Dutch identity without the Dutch Indies the 19th century Netherlands would be unthinkable Paul van der Velde describes the turbulent life of Veth and his passion to get the Dutch Indies accepted as an adult partner He was the scourge of the conservative Netherlands and his role in the literary and political circles of his time was quite remarkable He was one of the most eminent Dutch scholars with an international reputation A Life long Passion gives a vivid insight into the life of this exceptional 19th century man
