conspiracy theories are based in paranoia and cynicism a volume by an editor of Star Trek Magazine profiles famous theories pertaining to such subjects as Pearl Harbor JFK s assassination and Roswell Original **American Heart of Darkness** Robert Kirkconnell,2013-05 These days most Americans know that the country has serious problems Problems that will have to be addressed before the country can move forward What are these problems Where did they come from Before we can move forward we have to know where we are and how we got there American Heart of Darkness paints an unvarnished picture of the seeds of destruction that were sown into the foundations of the Republic from the very beginning How did slavery come about in the land of the free How did a pre Columbian native population in North America alone of over eighteen million yes you heard it right native peoples dwindle down to about two hundred thousand Was it really Small Pox Why has a people who constantly talk about freedom democracy equality human rights life liberty and the pursuit of happiness continually practiced racism genocide and war How do drugs come into the country and who is really behind the most profitable product sold in the world There are also other unanswered questions that need to be explored Why were thousands of the worst Nazi war criminals given refuge in the U S Who financed Hitler Where did Hitler get his master race and genocidal ideas from Was Lee Harvey Oswald a C I A agent Were Oswald Sirhan Sirhan Ted Kaczynski Timothy McVey and the Peoples Temple all mind control MKULTRA subjects What really happened in the Jeffery MacDonald so called Fatal Vision case How does hundreds of billions of dollars come into the United States every year without detection The answers to these questions and many more will surprise you They are not in the History books although they should be American Heart of Darkness Volume I explores the ugly side of America that has been hidden for far too long and it is literally killing us This book is not for the reader looking for an uplifting story to escape everyday life for a few hours It is for true patriots who are sick and tired of being lied to and stolen from It is for those who know they need to do something but do not know where to start It is for those who feel powerless and that America s problems are far too big for little ol me to handle It is for those with the courage to go from darkness to light As comedian and activist Dick Gregory once said If you been in the DARK for so long LIGHT will hurt your eyes This book will hurt your eyes The reader will be shocked then angry then motivated and finally in the author s next two books empowered and liberated It is better to see where we are and where we need to go right now before it is too late Congratulations If you have read this far this book is probably for you Please keep in mind the universal truth that with any form of government the leaders only have the power that the people allow them have This was true in India when a little skinny guy named Gandhi with no money and only a rag wrapped around his middle took on the British Empire and won There is no question that the American people have the power to reclaim a government that is clearly not being run for them We have to empower ourselves to take this government back from only a handful of selfish and greedy individuals who have proven that they only care about making more and more money Let us all stop giving them the power that belongs to us Reading this book is a beginning and then we will talk about what to do about it in the author s next two

books *Prescription for Revolution* Thomas H. Lee,2014-03 When the phantom patriots realized that their quiet revolution had fallen short of cleaning up the government they agreed to launch another more aggressive campaign to do so The challenge was daunting however because to succeed they would have to overcome two obstacles The first was that rich and powerful ultra conservatives had successfully used their wealth to corrupt congress and were using that leverage to sabotage governmental functions Their ultimate objective was to have the government fail freeing them of any regulations that would interfere with their effort to become wealthier The second obstacle the patriots faced was the fact that this reality was being covered up by a news media predominately owned and or operated by conservatives Given these obstacles the task of sufficiently informing a generally ignorant voting public of all this seemed rather daunting But they came up with a plan a prescription if you will for getting the job done Using all the CIA s technical and financial resources available to them they enlist Sidney Thurston an investigative reporter they have in deep cover write a compelling and informative novel that exposes both the corrupted and the corruptors The novel becomes a bestseller but since most voters seldom read the patriots work to get the novel converted to a screen play for a movie that would be shown nationwide But it was a significant challenge that required an extraordinary effort on their part **Lone Star Pasts** Gregg Cantrell,Elizabeth Hayes
