numerous authors and getting a feel for the bestselling stories common themes world building and contemporary writing but for the purpose of this booklet we'll stick to writing. There's simply no substitute for putting words on a page. Chapter Two You need a professional editor. And no, it cannot be your sister in law. A lawyer needs a paralegal, a professional football coach needs an offensive and defensive coordinator and a professional author needs a professional editor. Chapter Three You really should advertise. Or at least think about it. The real question is, Is it okay to just bury that treasure where no one can find it? Chapter Four You must possess a very stiff spine. Your opinion is none of my business. My point is this. If you are going to keep changing, editing, alternating your style and your storytelling based on personal preferences then prepare for an endless game of whack a mole. That extra romance you just added to appease Sally has ticked off Susan. That character who was a little too gruff for Joe was not brutish enough for Daniel. Now you're caught in an endless vortex of switching something to appease a reader only to have to change it back in order to appease another. Chapter Five Never give up The Law of Attraction. At the end of the day this is your gift, your diamond, what do you want to do with it? Wow, I absolutely loved this booklet. It actually encouraged me to keep going. It validated some of my thoughts and answered questions I hadn't thought to ask yet. Thank you Julie Aspiring author 5 novels started, 1 finished, hoping to publish novel 7. This booklet is an engaging, entertaining and curiously profound read. No matter where one is in their career Dawn offers gentle reminders of how we can stay true to our source and produce the best work we possibly can. Is there indeed power in the blood of Jesus? This study of the meaning of the cross in the African American religious experience is both comprehensive and powerful. Comprehensive because it explores the meaning of the cross symbol of suffering and sacrifice from the early beginnings of Christianity through modern times and powerful because it is written by a black woman who has experienced abuse and the oppression of field work.
