**Putin Kitsch in America** Alison Rowley, 2019-09-19 Vladimir Putin's image functions as a political talisman far outside of the borders of his own country Studying material objects fan fiction and digital media Putin Kitsch in America traces the satirical uses of Putin's public persona and how he stands as a foil for other world leaders Uncovering a wide variety of material culture satirical scatological even risqu made possible by new print on demand technologies Alison Rowley argues that the internet is crucial to the creation of contemporary Putin memorabilia She explains that these items are evidence of young people's continued interest and participation in politics even as some experts decry what they see as the opposite The book addresses the ways in which explicit sexual references about government officials are used as everyday political commentary in the United States The number of such references skyrocketed during the 2016 US presidential election campaign and turning a critical eye to Putin kitsch suggests that the phenomenon will continue when Americans next return to the polls An examination of how the Russian president's image circulates via memes parodies apps and games Putin Kitsch in America illustrates how technological change has shaped both the kinds of kitsch being produced and the nature of political engagement today

**American Calamity: The Continentals** Edward S. Pocock III, 2024-11-15 indivisible with liberty and justice for all The words now felt like a distant memory to Stephen Moore North Korea had successfully orchestrated an Electromagnetic Pulse EMP attack that did exactly what China had hoped for split the United States into warring factions unleashing a level of violence and terror that would have made even the biggest horror movie fans go pale How could this have happened so easily Is there anything that could bring the US back In a struggle for power and territory there seems to be no depth of immorality that people won't sink to including former Vice President Sirrah who assumed control of the presidency and claimed a critical territory in the northeastern states now known as The Meg Citizens are operating in survival mode making the boundaries of good versus evil right versus wrong and patriot

versus rebel all the more unclear From food shortages to new foreign invasions nuclear threats to voracious hogs in the NYC subway tunnels American Calamity The Continentals leaves no terrifying stone unturned in the sequel to the acclaimed dystopian page turner American Calamity Perhaps the most alarming of all is that this fiction doesn't stray far from what could be a future reality Are you ready to get deeply immersed back into Moore's post apocalyptic reality Don't worry Spanky the old military tank with a never say die spirit has got your six American Calamity The Continentals continues the story of Moore's journey into the abyss of a worldwide nuclear disaster From a rag tag group of regional rebels to a growing North American movement American Calamity The Continentals provides hope in a country where little exists A hope continually challenged by America's enemies both foreign and domestic American Calamity The Continentals is perfect for fans of One Second After Edge of Collapse and Out of the Ashes
