The Rage Julia Ebner, 2017-09-30 The early twenty first century has been defined by a rise in Islamist radicalisation and a concurrent rise in far right extremism This book explores the interaction between the new far right and Islamist extremists and considers the consequences for the global terror threat Julia Ebner argues that far right and Islamist extremist narratives The West is at war with Islam and Muslims are at war with the West complement each other perfectly making the two extremes rhetorical allies and building a spiralling torrent of hatred The Rage By looking at extremist movements both online and offline she shows how far right and Islamist extremists have succeeded in penetrating each other's echo chambers as a result of their mutually useful messages Based on first hand interviews this book introduces readers to the world of reciprocal radicalisation and the hotbeds of extremism that have developed with potentially disastrous consequences in the UK Europe and the US

*Hymns for the Fallen* Todd Decker, 2017-02-28 In *Hymns for the Fallen* Todd Decker listens closely to forty years of Hollywood combat films produced after Vietnam Ever a noisy genre post Vietnam war films have deployed music and sound to place the audience in the midst of battle and to provoke reflection on the experience of combat Considering landmark movies such as *Apocalypse Now* *Saving Private Ryan* *The Thin Red Line* *Black Hawk Down* *The Hurt Locker* and *American Sniper* as well as lesser known films Decker shows how the domain of sound an experientially rich and culturally resonant aspect of cinema not only invokes the realities of war but also shapes the American audience's engagement with soldiers and veterans as flesh and blood representatives of the nation *Hymns for the Fallen* explores all three elements of film sound dialogue sound effects music and considers how expressive and formal choices in the soundtrack have turned the serious war film into a patriotic ritual enacted in the commercial space of the cinema

Through the Crosshairs Roger Stahl, 2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper's gun or from the perspective of a descending smart bomb But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions Through the *Crosshairs* traces the genealogy of this weapon's eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence
