In this pioneering free jazz of the 1960s and '70s, saxophonist Ornette Coleman broke with established forms of jazz by allowing players the freedom to express themselves without a given chordal sequence – as in this tune. The “time-no-changes” instruction is used to express soloing without changes, while preserving the feel and time (in this case, fast swing). It also gives opportunity to modify the solo form as you play (though in the exam, make sure to play the given form!). On the original recording of “Blues Commotion” there are no chordal instruments, and the blues changes are implied in the melody.
