• DOGS •

Side by side with the "action" of the animal goes its identity. For instance, if we are making a drawing of a dog it must have at least an indication of the general breed of dog we are drawing. This feature of the drawing, the portrait element, is quite as essential as the other. It results from intimate study and knowledge and can be secured less by that rapid drawing and recording so essential to the action phase.

By Alexander Calder, Charles Liedl, Diana Thorne. (Abridged and Revised from Diana Thorne's "101 Favorite Animals and Birds" and from "Animal Sketching" by Alexander Calder and Charles Liedl.).** Alexander Calder, Charles Liedl, Diana THORNE, 1963 **Animal Sketching** Alexander Calder, 1926 A well known artist's sketches of animals are accompanied by brief text explaining how to capture some of the elusive qualities of wildlife **Alexander Calder** Ann Coxon, Penelope Curtis, Marko Daniel, Thomas Fichter, Sérgio B. Martins, Vassilis Oikonomopoulos, A. S. C. Rower, Alex J. Taylor, 2015-01-01 An insightful new look at one of the 20th century's most celebrated artistic visionaries Alexander Calder 1898 1976 is one of modernism's most captivating and influential figures First trained as a mechanical engineer Calder relocated from New York to Paris in the mid twenties where his acceptance into the city's burgeoning avant garde circles coincided with the development of his characteristic form of kinetic sculpture His early work Cirque Calder which was presented throughout Paris to great acclaim prefigures the performance and theatrical aspects that dominate Calder's pioneering artistic works and are situated as a primary subject of intrigue in this publication Rather than simply refashion sculpture's traditional forms Calder envisioned entirely new possibilities for the medium and transformed its static nature into something dynamic and responsive Alexander Calder Performing Sculpture provides detailed insight into that pioneering process through reproductions of personal drawings and notes Also featured is new research from a wide range of renowned scholars furthering our understanding of the remarkable depth of Calder's beloved mobile sculptures and entrenching his status as an icon of modernism **Calder: The Conquest of Time** Jed Perl, 2017-10-24 The first biography of America's greatest twentieth century sculptor Alexander Calder an authoritative and revelatory achievement based on a wealth of letters and papers never before available and written by one of our most renowned art critics Alexander Calder is one of the most beloved and widely admired artists of the twentieth century Anybody who has ever set foot in a museum knows him as the inventor of the mobile America's unique contribution to modern art But only now forty years after the artist's death is the full story of his life being told in this biography which is based on unprecedented access to Calder's letters and papers as well as scores of interviews Jed Perl shows us why Calder was and remains a barrier breaker an avant garde artist with mass appeal This beautifully written deeply researched book opens with Calder's wonderfully peripatetic upbringing in Philadelphia California and New York Born in 1898 into a family of artists his father was a well known sculptor his mother a painter and a pioneering feminist Calder went on as an adult to forge important friendships with a who's who of twentieth century artists including Joan Mir Marcel Duchamp Georges Braque and Piet Mondrian We move through Calder's early years studying engineering to his first artistic triumphs in Paris in the late 1920s and to his emergence as a leader in the

international abstract avant garde His marriage in 1931 to the free spirited Louisa James she was a great niece of Henry James is a richly romantic story related here with a wealth of detail and nuance Calder's life takes on a transatlantic richness from New York's Greenwich Village in the Roaring Twenties to the Left Bank of Paris during the Depression and then back to the United States where the Calders bought a run down old farmhouse in western Connecticut New light is shed on Calder's lifelong interest in dance theater and performance ranging from the Cirque Calder the theatrical event that became his calling card in bohemian Paris to collaborations with the choreographer Martha Graham and the composer Virgil Thomson More than 350 illustrations in color and black and white including little known works and many archival photographs that have never before been seen further enrich the story *Alexander Calder* Alexander Calder, Museum of Fine Arts, Houston, 1964
