## **Alexander Stephens Between Classic Reprint:**

*Alexander H. Stephens (Classic Reprint)* Louis Pendleton, 2016-09-28 Excerpt from Alexander H Stephens A life of Alexander E Stephens suited to the needs of the modern reader is desirable not only because of the peculiar personality of one of the ablest of the Southern statesmen of the old regime and because of his association with great events as vice president of the Southern Confederacy but because he was one of the most consistent figures in the long struggle between the champions of State sovereignty and the supporters of Federal supremacy Though a fellow Georgian I have found Stephens chiefly interesting as a battling representative of State sovereignty in its conflict with nationalism and as one of the ablest of those who defied destiny in the age long evolutionary process to which the terms right and wrong are too individual and personal to apply finally producing a nation out of a mere confederation The extent of the author's study of this general subject may be seen from the bibliography at the end of the volume practically all available sources having been drawn on in order to illustrate the early weakness of the Federal government the division of sovereignty under our dual system the conflict between the partisans of State and nation and the nullification and disunion sentiment so often and so violently manifested in all sections of the country during the first seventy years after the adoption of the Constitution About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

*The Life of Alexander H. Stephens (Classic Reprint)* Frank Henry Norton, 2017-11-22 Excerpt from The Life of Alexander H Stephens I have since I came here come to the conclusion that words are if you please moral instruments capable of effecting much when properly applied and directed And it is altogether useless at any and all times to talk without having in view some Object to effect In legislating in Georgia it is waste of breath for a man to talk about Greece and Rome Scipio and Hannibal Tyre and Carthage or any of that learned sort Of lore If one indulges much in it he is soon looked upon as a fool speaking In an unknown tongue and very properly so too Eloquence true eloquence is certainly in some degree an art but in nothing more than in selecting and fitting the matter to the time place and circumstances The whole generation of our young orators instead of reading Blair for rules Scott and Addison for figures and Byron and Shake Speare for quotations had better be studying their subject and thinking to whom they are going to present it and how they will most probably engage attention and produce conviction in the minds of those to whom it is presented Success in producing conviction is the object of oratory About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art
